Drawing Landscapes

All experience levels welcome, especially the enthusiastic amateur!

These lessons will feature a fun mix of drawing from imagination, photos and observation. We'll explore a logical approach to artfully depict most landscape subjects, such as trees and land, water and skies with the thoughtful use of descriptive, interesting shapes and the effective use of values and textures. This is an ideal companion course to future study in painting classes with Drew Bandish and other instructors. Common drawing supplies include: paper, pencils, erasers, color pencils.

Supplies: A \$3 material fee will be collected in class. A materials list will be sent prior to the start of class.

Instructor: Drew Bandish

Fee: \$90

San Elijo Campus, Room 406
5 Saturdays, 6/6–7/11, 9 a.m.–12:30 p.m.

Class will not be held on 7/4.

Oil Painting

Unlock painterly self expression. This class is for new or experienced students who have good drawing skills. The class emphasis changes each semester so there is continual learning of new skills. The goal is to better understand value, shape, color and how to use them to create a harmonious painting. During class, there is a mix of painting and working independently. By the end of this course, you will have some finished paintings to proudly display in your home! You will build the foundation you need to create great works of art.

Supplies: A \$4 material fee will be collected in class. A materials list will be sent prior to the start of class.

Instructor: Anne von Benckendorff

Fee: \$90

San Elijo Campus, Room 205
5 Saturdays, 8/1–8/29, 9 a.m.–12 p.m.

Watercolor Landscape Painting

All experience levels welcome, especially the enthusiastic amateur!

In this lesson set, we will focus on representing the elemental parts of landscape painting: sky, land, water, mood, atmosphere, light and purposeful composition. Learn a logical procedure to artfully depict representational subjects in watercolor. Developing control of shape, color, value and texture in watercolor media is what this course is all about. Join like-minded adults and a dedicated instructor as we explore the process of creative picture making through lessons designed to develop proficiency with watercolor. Match colors you see (or want to see), master three textures, explore four methods of paint to paper, attend to three attributes of effective shapes, then apply these design, drawing and technical tips to your own creative watercolor interpretations of landscape subjects from photos and imagination. With specific instruction, enthusiastic intent plus time on task, you can expect significant progress.

Supplies: A \$3 material fee will be collected in class. A materials list will be sent prior to the start of class.

Instructor: Drew Bandish

Fee: \$108

San Elijo Campus, Room 406
6 Saturdays, 7/18–8/22, 9 a.m.–12:30 p.m.

Methods, Ideas & Techniques in Watercolor

Learn to paint the beauty that surrounds us as we explore this wonderful art form. Step-by-step demonstrations teach the techniques necessary to create paintings alive with color and light. This stress-free approach to watercolor offers students the inspiration and support needed to master this beautiful medium.

Supplies: A \$6 material fee will be collected in class. A materials list will be sent prior to the start of class.

Instructor: Kathleen FitzSimons, artist

Fee: \$80

San Elijo Campus, Room 206
5 Saturdays, 6/13–7/25, 9 a.m.–12:30 p.m.

Class will not be held on 6/20 and 7/4.

Digital SLR Photography Series

This introductory digital SLR photography series can be taken as individual courses for \$39, or together for only \$99!

The photography topics are interrelated and affect one another, so we recommend you take all three (Getting Started with dSLR, Aperture & Shutter Speed, and Perfect Photographs Made Easy) to get a complete understanding of the camera and picture taking.

Getting Started with your dSLR

In this workshop, you will learn how to set up your camera to optimize the quality of your photographs right off the bat.

We will cover the all-important topics of white balance and ISO to be able to shoot under difficult conditions. And of course, learn about all of the little icons on your shooting dial. You'll be able to take pictures right away!

Supplies: A \$3 material fee will be collected in class. Please bring your camera and manual to class.

Instructor: Terry Matsuoka

Fee: \$39

San Elijo Campus, Room 306

1 Tuesday, 6/23 5:30–7:30 p.m.

QUALIFIED INSTRUCTORS NEEDED!

Want to join MiraCosta College Community Education & Workforce Development by teaching

new and fascinating not-for-credit courses?

We are offering a unique opportunity for instructors and/or subject matter experts to teach creative new classes and programs! Come and share your talents, ideas, and skills in this part-time teaching job!

Please contact our office at 760.795.6820 or send a cover letter describing your subject matter qualifications and resume to sgaitan@miracosta.edu

From Good to Great Photos: Understanding Aperture & Shutter Speed

Even if you didn't realize it, this is probably why you bought your dSLR in the first place! These concepts can be daunting to understand on your own. But once you master these aspects of photography, it's what's going to separate your pictures from the rest. We will also take a look at some of the pictures you took after your first session for constructive commentary. After this class, you'll be able to practice depth of field and capture motion and time.

Supplies: A \$3 material fee will be collected in class. Please bring your camera and manual to class.

Instructor: Terry Matsuoka

Fee: \$39

San Elijo Campus, Room 306

1 Tuesday 6/30, 5:30–7:30 p.m.

Making Shooting Perfect Pictures Easy

To get great pictures, we will cover strategies and basic lighting. These two topics will improve your photographs tenfold, no matter what camera you use. To make getting that perfect shot easy, we will cover these tools in your camera: lens focal length, exposure compensation, bracketing, auto-focus points, and flash. You will be surprised how being so advanced can be so easy!

Supplies: A \$3 material fee will be collected in class. Please bring your camera and manual to class.

Instructor: Terry Matsuoka

Fee: \$39

San Elijo Campus, Room 306

Become a Notary Public the Smart Way—In One Day!

Learn new 2015 laws!

Establish yourself as a notary public, earn additional income and provide a service to your community. Successful notaries provide a valuable service to their company, friends, and private clients. Our intensive six-hour seminar is designed to equip you with everything you need to know to become a safe and effective notary public. You will find out about new legislation as well as how to pass the new test (must be taken every four years), identify document signers, keep a journal, fill out certificates and avoid lawsuits. Must be at least 18 years old and have a clean record.

Note: The cost of the class includes the notary public exam (see box for information regarding the notary test).

Supplies: A \$30 material fee will be collected in class. See box at right.

Instructor: Notary Public Seminars, Inc.

Fee: \$99

Oceanside Campus, Room 3205

1 Saturday, 8/1, 8 a.m. –6 p.m.

Note: Due to state regulations, no one will be admitted to the classroom after 8:30 a.m. In addition, you must be on time when returning to the classroom from a break. Refunds will not be issued.

Renewing Notaries

Three-hour, state-required seminar

Take a three-hour approved notary refresher course. We will review all laws and regulations you are required to know to continue as a notary. You must take the exam and be fingerprinted again. Your commission must be current to be eligible for a renewing class. Cooperative Personnel Services (CPS) will register you for the exam from 4:15 p.m. to 5 p.m. A six-hour approved course must be taken first.

Note: The cost of the class includes the notary public exam (see box for information regarding the notary test).

Supplies: A \$30 material fee will be collected in class.

Fee: \$50

Oceanside Campus, Room 3205

1 Saturday, 8/1, 12:45–4 p.m.

Notary Testing

For those students who need just the notary exam. Either preregister with MiraCosta College Community Education, or pay at the door. A six-hour approved course must be completed before you are eligible to take the notary exam

(see box for information regarding the notary test).

Fee: \$25

Oceanside Campus, Room 3205

1 Saturday, 8/1, 3:45–5:45 p.m.

For regular notary, renewing notary, and those taking just the test,

Cooperative Personnel Service will register you for the exam from 3:45 to 4:45 p.m. The exam will be from 4:45 to 5:45 p.m. If you are taking the exam, you will need the following: \$40 check made payable to "Secretary of State," current CA driver's license with photo or state-issued ID card, a 2" x 2" color photo of yourself, and two #2 pencils. If you took your notary class online, you MUST have your certificate of completion with you. Fingerprints are required after you pass the exam.

Become a Certified Loan-Signing Agent

California's real estate industry is in need of notaries and others who would like to become loan document specialists. No need to be a commissioned notary or have the results of your exam in order to take this course. You must, however, have taken a notary class in order to enroll in this workshop. Find out how to contact the most profitable businesses and who your primary contact should be; get signed up with successful signing services/agencies and build your own business. We take you through a practice loan package where you'll learn how to properly notarize loan packages. Additionally, you will learn how to negotiate your fee and advertise yourself in your market, get called back and brand yourself as a professional. No tests are needed or given to become a loan-signing agent. BONUS: Free listing of 50 loan-signing companies.

Supplies: A \$40 material fee and a \$20 certificate fee will be collected in class.

Instructor: Notary Public Seminars, Inc.

Fee: \$99

Oceanside Campus, Room 3102

1 Saturday, 8/15, 9 a.m. –4 p.m.

Class Dates: 8 consecutive days, 9/18–9/25 or 11/6–11/13 or 1/22/16–1/29/16

8+ hours a day.

Visit htpscource.com or call 760.757.2121, x6346 for details about how to apply.

High-Risk First Responder

Whether you are working in the U.S. or abroad, well-rounded medical training can be the difference between life and death. Many do not have the time to attend lengthy EMT or paramedic courses. This intensive six-day course gives students the most important skills that military medics, EMT, paramedics and remote medical practitioners use to provide emergency care in a variety of environments. This course focuses on serious wounds caused by gunshots, blasts, vehicle accidents, medical emergencies, and other life-threatening injuries that may be encountered in a military, law enforcement or high-risk security environment. Advanced labs are available for students who already have TCCC Provider certification and CPR/AED for Professional Rescuers certification. No prior medical training is required.

Topics covered include:

- Stopping severe bleeding
- Emergency cricothyrotomy
- Needle decompression
- Medical emergencies & medications

High-Threat Protection Specialist

This course bridges the gap between conventional domestic protective operations and war-zone PSD work. This 19-day program will provide the training, knowledge, and skill sets to be a proficient protective team leader/member in all threat areas by focusing on one of the most challenging protective environments, the high-threat low-profile area of operations.

Protecting a journalist in Beirut, a business executive in Mexico, or a humanitarian visiting a dangerous region in Africa, are all examples of high-threat low-profile environments you may find yourself assigned to. As an American citizen working a private protective detail on foreign soil, you may be working alone or in a very small team, generally will not be allowed to carry firearms, and will have to arrange all of your own local resources. These limitations highlight the need for a high level of training in specific skill sets.

This unique program was designed by industry professionals who have drawn from their vast experiences in the field. Upon completion of this course, students will receive a Certificate of Accomplishment from MiraCosta College.

Topics covered include:

- Handgun shooting
- Live fire, immediate action drills
- Four full-protective details
- Combatives for protective specialists
- Driver & live fire vehicle down drills
- Foreign weapons live fire
- Unlawful detention
- Vehicle tactics, reverse clinic, unlawful check point procedures
- Site, route, threat and risk assessment
- Recruitment assistance

Fee: \$6,875. WIA (partial) and GI Bill funding approved.

Class Dates: 19 consecutive days,
10/4–10/22 or 11/22–12/10 or 2/7/16–2/25/16
8+ hours a day.

Visit htpscource.com or call 760.757.2121, x6346 for details about how to apply.

NEW Engineering Technician

Engineering technology, or mechatronics, integrates theories and application in mechanical, electrical and electronic systems, fluid power, robotics, and computer software. All topics covered during lecture are explored significantly more in-depth during the lab portion of each class. The wide range of test equipment utilized in the lab gives students an opportunity to train with equipment they can expect to find in the workplace. Our program is designed around the changing skills and training demanded by area manufacturers. Students learn how to not only use the equipment, but to repair, troubleshoot, and install systems. Students who attend will experience an accelerated program designed to quickly prepare them to meet the skill sets that will qualify graduates to move right into entry-level positions with local industry.

Fee: \$5,500. WIA and GI Bill funding approved.

Location: Technology Career Institute, 2075 Las Palmas Dr., Carlsbad

Class Dates: Monday–Friday, 8/12–11/19 (no class 9/7), 8 a.m.–5 p.m.

Facility Technician

Students enrolled in this program will gain instruction in the maintenance and repair of systems, components, and processes commonly found in industrial manufacturing, office buildings, schools, hotels and resorts, hospitals and apartment complexes. This 136-hour program will provide a combination of classroom and field instruction, as well as preparation to sit for several professionally recognized certifications that can lead to employment and career growth in the facility maintenance field.

Topics include:

- Maintenance principles
- Plan reading and interpretation
- Mechanics and mechanical principles
- Fundamentals of electricity
- Electrical systems
- Programmable logic controllers and programming basics
- Boiler systems and system maintenance

Also covered will be information on professional organizations and certifications. We will provide assistance and direction for job search and work readiness, and upon successful completion of the course, graduates will receive a Certificate of Accomplishment. NEW Introduction to Solar PV Installation

NABCEP Certificate of Knowledge Test Preparation

This course helps students pass the North American Board of Certified Energy Practitioners (NABCEP) Entry Level Solar Installer Exam. NABCEP is a nationally recognized certifying agency for solar installers. The Entry Level Certificate can be used to get a job with a local solar installation company, as it demonstrates that s/he has achieved a basic knowledge of the fundamental principles of the application, design, installation and operation of solar photovoltaic (PV) and solar heating systems. While the focus of this program is on the academic knowledge needed to pass the exam, more than half of the hours will be used for practical hands-on experience. The class will jointly build a working solar system using common PV components and electrical parts and tools. The class will integrate theory, laws and regulations with practical applications. Topics include system sizing and design exercises, basic electronics, basic electrical wiring, safety, and a discussion about the viability of solar and other alternative energy systems. For more information, call 760.795.6820.

Fee: \$450. WIA and GI Bill funding approved.

Location: Landes Recreation Center, 2855 Cedar Road, Oceanside

NABCEP TESTING: If students would like to take the NABCEP test at the conclusion of the course, there is an additional date and cost associated. Come to the free information session for details!

Internship: The program will include a recommended 80 internship hours at the conclusion of the training.

Manufacturing Machinist Technology Training Program

Gone are the days of the grease-covered, conventional manufacturing machinist. Today's machinist must be highly trained with very specific education and skills, working in high-tech manufacturing plants that are both clean and innovative. CNC machines, just-in-time production methods, lean manufacturing techniques, along with great housekeeping and state-of-the-art facilities give a more accurate picture of American manufacturing today. The need for properly trained machinists to fill hundreds of positions in North San Diego County has reached critical mass.

To meet this need, we are proud to offer this program to individuals seeking a fast-paced, high-level training. Our program will prepare students for employment in machine shops and manufacturing facilities. Students who attend will experience an accelerated program that quickly prepares them to meet trade skill sets such as shop mathematics, metal properties, layout, precision measuring, machining procedures, tooling, and a basic understanding of both manual and CNC machining. Salaries for machinist technician apprentices range from \$13-\$16/hour to start; however, many companies are hiring at \$15-\$18/hour with proper training and certifications provided by programs such as ours.

Fee: \$5,000. WIA and GI Bill funding approved.

Location: Technology Career Institute, 2075 Las Palmas Dr., Carlsbad

Class Dates: Monday–Friday, 8/17–11/6 (no class on 9/7),
8:30 a.m.–4:30 p.m.

NEW Personal Care Assistant

Personal Care Assistants (PCAs), also known as caregivers, give assistance to primarily elderly clients who are ill, injured, mentally or physically disabled, or those who need extra non-medical assistance to be able to stay in their home. They work in the home, or in assisted/independent living facilities. PCAs often help their clients with activities of daily living: ambulating, feeding, bathing, grooming, toileting, as well as shopping and light housekeeping. In addition, PCAs may provide or arrange transportation, prepare and serve meals, and provide companionship for their clients. This course will provide quality instruction to ensure the student knows their basic caregiving skills, required responsibilities, expectations and professional/legal boundaries. The student will be introduced to other potential careers in the health care field. Currently, California does not have any state requirements for this position. Students successfully meeting the requirements of this course will receive a Certificate of Accomplishment. For more information, call 760.795.6820.

Fee: First Class Special of \$350! GI and WIA funding approved.

Location: Technology Career Institute, 2075 Las Palmas Dr., Carlsbad

Class Dates: Mondays, 5–9 p.m. & Saturdays, 10 a.m.–4 p.m., 6/15–8/24 (no class on 7/4)

Reading Development Programs 4-Year-Olds through Entering 2nd Graders

In these programs, your child will develop the essential reading skills and habits that lead to fluent reading, strong comprehension, and a love of books and reading. Students will receive individualized guidance and materials to confidently support their reading practice and skill development over the next year.

Reading Development Programs Entering 3rd through 5th Graders

In these programs, your child will develop the reading comprehension and fluency required to read longer, more complex books with ease and absorption. This ability is the foundation for a lifelong love of reading and for academic success. Students will receive individualized guidance and the materials they need to confidently support their reading practice and skill development throughout the year.

Reading & Study Skills Programs Middle School & High School Students

Students in these programs double reading speed, improve comprehension, and learn a step-by-step approach to reading, studying, and taking notes in fiction and nonfiction. They also develop the ability to become fully absorbed in books, which makes reading enjoyable and supports the habit of reading for pleasure.

Speed Reading & Comprehension Training Program Adults, College Students & Entering High School Seniors

In this class, you will learn to take control of your reading tasks and your time. You will read two- to four-times faster any material you tackle. Better understand and retain what you read, and take more organized, useful notes.

**Fencing for Everyone**

Beginning and intermediate students welcome!

En garde. Ready? Fence! Team Touché Fencing class helps refine free-swinging students into deft deflectors and Z-carving virtuosos while providing a fun and engaging fitness activity. Fencing has long been used to improve reaction time, dexterity, grace and chopstick wielding while strengthening muscles and developing speed. Students are challenged to learn French and Italian terminology imbedded in Olympic fencing. Additionally, students can take advantage of top-notch fencing equipment that would spark jealousy in even the most humble musketeer. Students will learn (or hone) skills in how to do advances, retreats, lunges, and how to do attacks and parry-ripostes defense. Through group and pair activities, you will practice new skills and develop confidence. Please be prepared to engage in moderately strenuous physical activity in each class.

Supplies: Please come dressed in workout clothes (sweatpants or long warm-up pants—no shorts), athletic shoes, and bring a water bottle.

Singles are welcomed and couples will not be separated.

Spanish Story & Conversation

This enjoyable course allows and encourages you to do what most language classes do not: actually practice and get more comfortable speaking the language. This safe environment will help you gain confidence as you improve your comprehension, grammar and, most importantly, your speaking skills. You will get to see Spanish in action through the context of a simple story (this time a father-son team sailing through the Bermuda Triangle gets entangled with Henry Morgan and his band of pirates) that will serve as our springboard to conversation and discussion. Students enjoy these semi-immersive classes and report valuable gains in their language abilities. Appropriate for and open to beginners with at least some basic Spanish and intermediate students.

Supplies: A \$3 material fee will be collected in class. Please bring a notebook, folder, pen/pencil, highlighter, and purchase "Piratas del caribe y el mapa secreto" (ISBN 978-1-934958-21-6, approx. \$6) prior to first class session. Book available at italianowithjodina.com/spanish-classes/

NEW Couples & Money—Creating Financial Intimacy

Finances are too often ignored and money problems are the number one reason couples divorce. Failure to achieve financial intimacy fosters a climate of resentment, distrust, and suspicion all of which are contraindicated for “happily ever after.” This workshop will teach you how to be closer to your spouse than you ever thought possible. You will learn about yourself and your spouse in ways that are designed to improve teamwork, close gaps and re-inspire the passion that bound you two together in the first place. Plan date nights to explore the methods and strategies that you can apply for a lifetime.

Supplies: Please bring a notebook and a pen or pencil.

Instructor: Desiree Jabin

Fee: \$100 per couple

San Elijo Campus, Room 201

6 Wednesdays, 6/3–7/15, 6–7:30 p.m.

3 Mondays, 6/29–7/13, 6–8 p.m.

**NEW** Basic Chocolate Candies & a Splash of Wine

Do you like chocolate? Do you love wine? If you answered yes to both, then why not learn how to make “better-than-the-box” chocolate at home so you can enjoy it whenever you want! In this class you will learn and taste the difference between a low-quality “kiss” and a high-quality, hand-rolled “truffle.” You’ll see how cacao beans turn into the bars you buy at the specialty stores and how to make your own versions with pretty much a pot of warm water and a mixing bowl full of melted chocolate. You will learn the basics of how to temper dark, milk and white chocolate to get that snap and sheen as well as basic techniques to make all sorts of chocolate-covered candies in the comfort of your kitchen. You will also get a light introduction into how wine pairs with these candies so you can use that knowledge at home.

Supplies: A \$50 material fee will be collected in class. Please bring aprons, a pair of clean dish towels, a flat container to take home the chocolates and a wine glass.

Instructor: James R. Arens

Fee: \$95

San Elijo Campus, Room 406

Eat, Pray, Love— Holyland Exhibition, Monastery of the Angels

Includes Canter's Deli lunch

Saturday, June 13

On this true Los Angeles adventure, we'll explore several of the city's much loved yet hidden gems. First, a two-hour docent-guided walking tour of the Holyland Exhibition, founded in 1924 by a man with a love affair for the Holyland and the preservation of its ancient past. You'll be amazed at the wealth of artifacts on display, some nearly 2,000 years old. Costumed guides will showcase the exhibits and tell the story of the items as they relate to the Bible and ancient traditions and customs. Afterward, enjoy an included lunch with choice of sandwich at famous Canter's Deli which has offered an authentic Jewish deli-style experience since 1931 and is a well-known L.A. landmark. In the afternoon, we'll visit the Monastery of the Angels, a spiritual oasis in Hollywood where a community of cloistered Dominican nuns create wonderful hand-dipped chocolates, pumpkin bread and other goods for purchase.

Suggested: Walking shoes (must be able to use stairs to access the second level of the Holyland Exhibition).

Fee: \$79

A Day on Catalina Island

Saturday, July 18

Take pleasure in the flavor and the romance of a Mediterranean island for the day. The smooth boat ride from Long Beach takes only an hour each way. Once you arrive, explore and discover the enchantment of Catalina at your leisure or take an optional tour. Truly a Pacific paradise, the charming island village of Avalon is nestled in a lush tropical canyon overlooking Catalina's Avalon Bay. Visit a myriad of quaint shops and discover the romantic locations where some of Hollywood's "classics" were filmed. Enjoy lunch on your own at one of the many outstanding eateries. Upon arrival various optional tours (with additional fees) are available including a narrated motorcoach tour along the beachfront, up the hillsides and through the heart of Avalon. See the perfect views and vibrant local spots as your driver-guide provides you with interesting stories, tidbits and the history of Santa Catalina Island. Or perhaps you want to join a guided tour to see the art deco murals in the glamorous Catalina Casino that hosted the Big Bands of yesteryear? Or maybe a glass-bottom boat excursion—the options are endless. The boat going to Catalina has shaded and unshaded areas, and a restroom onboard, for your comfort.

Laguna Beach Pageant of the Masters

Guide: Ermanno & Kristin Maccarrone

Thursday, August 13

This year's theme is "The Pursuit of Happiness". Explore the many sources of happiness through ancient and modern theatrical production of "living pictures." Go on a sentimental journey through depictions of pastimes and activities that gave people joy long before the instant gratification of the computer age. The 2015 pageant promises to be a breathtaking, playful and joyous journey in search of that most mysterious of treasures. Viewing will be excellent from loge-right section seating. The day will include time to browse through the Laguna Festival of the Arts grounds and the Sawdust Festival, or Art-a-Fair, offering a variety of paintings, creative arts, beautiful jewelry and fine crafts. The pageant is presented at 8:30 p.m. in an outdoor amphitheater, so warm clothing is recommended. Enjoy dinner on your own in beautiful downtown Laguna Beach (within walking distance) or dine at the restaurant on the festival grounds. For more information, go to www.foapom.com

Fee: \$99 (includes transportation and loge right seating at the pageant)

Depart 2 p.m. Return 12 a.m.

Big Bear Lake Escape

Narrated lake cruise & shopping with included lakeside lunch

Sunday, August 30

Imagine yourself on a tranquil lake, experiencing serenity, the beauty of nature and the smell of fresh air. Today we escape to Big Bear, the charming mountain community nestled in the beautiful pine forests atop the San Bernardino Mountains (elevation 6,700 feet) and featuring spectacular scenery in all directions. Enjoy a narrated cruise on this beautiful lake aboard the Big Bear Queen including sights such as the solar observatory and celebrity homes, along with Big Bear history and local anecdotes. There will be time to browse the shops in the Bavarian-style Big Bear Village. Prior to that, enjoy an included three-course lunch with choice of entrée at a lovely restaurant that offers spectacular lake views.

Suggested: Rubber-soled walking shoes and a sweater or jacket as it can be cool on the water. The boat has shaded and unshaded areas for your comfort.

Fee: \$89

Depart 8 a.m. Return 7 p.m.

Questions About Tipping?

Passengers often ask us if they should tip their driver and tour director. These customary gratuities are not included in the tour price, but highly encouraged (please do not tip guides Sharon Gaitan, Kristin Maccarrone or Linda Kurokawa).

Much like a restaurant, tipping is recognized as an appreciation for a job well done and motivation to exceed your expectations.

Industry guideline for tipping is \$3-\$5 per person, per day; however, any amount is appreciated and should be related to how you were served by each individual.

HOW TO ENROLL IN TUITION-FREE ADULT CLASSES

Enrollment for Tuition-Free Noncredit Courses for Adults begins May 6, 2015. Students are enrolled on a first-come, first-served basis. Students may use the SURF online enrollment system. Parking fee may be paid on SURF using Visa, MasterCard or Discover Card.

How to Apply & Enroll in Classes

Applying for Admission

If you are a new student or if you are a returning student who did not attend classes in Spring 2015 you must first submit a Noncredit Application for Admission. You may submit the application two ways:

- 1 Online at miracosta.edu/noncredit. Select the link for Tuition-Free Noncredit Courses for Adults.

PLEASE NOTE: Online applications require several days to process. You should submit your online application at least 3–4 business days before the date you want to enroll.

After the application is processed, you will be assigned an 8-digit Student ID number that you will use the entire time you are a student at MiraCosta College. You will retrieve your Student ID number the first time you log in to SURF following the directions below.

- 2 Or complete the Noncredit Application for Admission found on page 48 which also allows you to select your classes, and mail or bring the completed application to:

**MiraCosta College
Community Learning Center
1831 Mission Avenue, Oceanside, CA 92058**

Enrolling in Classes on SURF

Who can use SURF?

- Students who were enrolled at MiraCosta College in Spring 2015 may enroll using SURF on or after **May 6, 2015**.
- New students or returning MiraCosta College students who were not enrolled in Spring 2015 but have submitted the Noncredit Application for Admission and have waited 3–4 business days for the application to be processed.
- The last day to add classes is **July 6, 2015** (excluding Adult High School, Cisco, and English as a Second Language classes).

Who cannot use SURF?

- Students who have a delinquent account or a hold on their account.
- Students who choose to pay fees with cash or check (must use credit card on SURF).
- Students enrolling in Adult Basic Education, Adult High School, or English as a Second Language, and Special Education classes. (See the specific section of this bulletin for enrollment information.)

Before you use SURF:

If you have a **delinquent account** with MiraCosta College you must resolve it either online or at the Student Accounts Office, located in Building 3200 on the Oceanside Campus, the Administration Building at the San Elijo Campus, or at the Community Learning Center in Oceanside.

If you have a **hold** on your account with MiraCosta College you must resolve it before enrolling. To find out if you have a hold, **log in to SURF** with your SURF ID and password. Click on the **Self Service** link, and **Campus Personal Information** link. Then **click** on the **Holds** link. If you have a hold, you must contact the office(s) that placed the hold(s) on your account to proceed with enrollment.

Where to use SURF:

You may use SURF on any computer with Internet access including computers in MiraCosta College labs. SURF stations are also available at the Community Learning Center, and the Admissions and Records offices at the Oceanside and San Elijo campuses.

ADULT HIGH SCHOOL

The Adult High School is designed for students 18 years of age or older who wish to complete the requirements for a high school diploma or prepare to take the GED. Those under 18 who can benefit from instruction are also allowed to enroll. Any student enrolled in a day high school (regular or continuation) must meet the following criteria in order to take classes in MiraCosta's Adult High School. He/she must be a credit or CAHSEE deficient student, 17 years old or older, who has attended at least five semesters of high school. Day high school students must also present a Concurrent Enrollment Permit signed by their day high school principal, counselor, and parent. The forms are available at high school counseling offices, the Community Learning Center (CLC), MiraCosta's Admissions Offices, and online at miracosta.edu/ahsdp.

In order to place students in courses that best meet their needs, individual skills will be assessed. English, reading, and math courses are also appropriate for persons who do not need a high school diploma but wish to increase their skills in preparation for college classes, for employment or advancement in the workplace, or for personal growth.

Classes are held at MiraCosta College Community Learning Center (CLC), located at 1831 Mission Avenue, Oceanside, 92058. Students may register for classes during one of the following dates and times at the CLC. For more information call 760.795.8710.

REGISTRATION DATE	TIME
June 9	3 p.m.
June 10	8:30 a.m.
June 11	5 p.m.

Prospective students should submit an application for admission online at miracosta.edu/ahsdp prior to attending a registration session. The Application Confirmation Page should be printed and presented at the time of registration. The reading skills assessment will be administered to all new students as part of the registration process. Adaptive testing will be available for English as a Second Language students and students with documented disabilities. Documentation that verifies disabilities is required. Students must request adaptive testing. Call 760.795.8710 for more information. Students seeking academic accommodations because of a documented disability are encouraged to request assistance from Disabled Students Program and Services (DSPS) prior to enrollment. Call 760.795.6658. The registration process for new students takes a minimum of two and a half hours. Students planning to earn MiraCosta's adult high school diploma should also bring transcripts.

Fun with Food: Gourmet Art & Science Projects

6–8 years

Ice cream in a bag, instant slushy, edible slime, animal apples and more. It is time to concoct some tasty food potions and treats. Use your imagination to create beautiful, edible snacks with a scientific twist. From sour to sweet, your taste buds will explode while you stretch your artistic skills and learn all about magic from the kitchen.

Fee: \$100 • Materials Fee: \$20

I ♥ Art

8–11 years

Creativity abounds in this class designed to nurture young artists. From drawing and cartooning, to painting and sculpture, students will have a chance to improve their artistic skills and have fun! We will also learn how to take basic household items and make them into beautiful pieces of art. Find your inner Picasso in this fun and creative class.

Fee: \$85 • Materials Fee: \$20

App Attack

8–11 years

Take the first steps into the world of mobile app design and customize your own game app! Using a specialized game development tool, students will explore the world of phone-based and tablet applications. Student-created apps will be accessible on a private site and can be played on any mobile device or computer. No prior experience is necessary and students do not need to own a smart phone or tablet to take the class. Offered in partnership with Black Rocket Productions.

Fee: \$150

Build It “Green” with LEGO® Architecture

9–12 years

Become an inspired architect of the future using LEGO® Architecture sets and “Green Energy” kits. Build homes and offices and learn how to change it to “go green” using solar or wind power. Using LEGO® bricks, students will have the chance to build several different landmark buildings while discovering structural concepts, including stability within bridges and towers, forces on structures, and strength of materials. Students will also learn about designing and building structures from various materials, such as corrugated plastic sheets, studded string, and wooden sticks. Explore the most current trends in

Hogwarts School of Wizardry

10–13 years

Dear Student,

We are pleased to inform you that you have been accepted to Hogwarts School of Wizardry. Please review the following program of study in preparation for your arrival by the Hogwarts Express.

- House selection: Gryffindor, Hufflepuff, Ravenclaw or Slytherin
- The creation of your Wand and Charms and Potions
- Transfiguration and Defense Against the Dark Arts
- Calligraphy, Herbology, and Arithmancy
- History of Magic and Muggle Studies
- Care and Creation of Magical Creatures

Term begins on 6/29. We await your owl by no later than 6/22.

Fee: \$125 • Materials Fee: \$25

You Be the Chemist!

12–14 years YOUTH ACADEMY

In this fun-filled class you will have hands-on learning and explore science concepts that connect to your everyday life. You will learn to calculate density, demonstrate the process of precipitation, initiate chemical reactions, remove particles of iron, show the effects of attractive forces and air pressure, and create “goofy” substances by using typical household goods and food items such as eggs, marshmallows, trash bags, straws, baking soda, raisins, breakfast cereals, food dyes, salt and so much more!! You will have fun, get messy and explore using the scientific method to logically answer life’s many questions.

Fee: \$100 • Materials Fee: \$20

June 29–July 2, 1–4 p.m.

Grossology

6–8 years

Featuring facts about stuff that’s slimy, mushy, oozy, scaly, stinky, and smelly! Grossology is the outrageous alternative to a really boring health class, introducing the science behind the body’s most disgusting features, from burps and boogers to scabs and earwax. Students will perform many scientific experiments to explore the vast complexities of the human body and its systems. “Snot” for the weak of heart or stomach!

Fee: \$100 • Materials Fee: \$20

LEGO® Video Games

8–11 years

Combine your two favorite activities: LEGOs® and video games! Students will create their own LEGO® universe, characters, and adventures in an interactive 2-D video game. Everyone is welcome in this one-of-a-kind class. At the end of the program, every student will have a finished LEGO® video game that can be shared with friends and family through the password-protected Black Rocket website. Games are only compatible with PC computers; Mac versions can be created after the program for a \$15 conversion fee. (Contact us at: help@blackrocket.com) Students will work in pairs or teams for most of the program. Offered in partnership with Black Rocket Productions.

Fee: \$150

Video Game Design with “Scratch”

10–13 years

Design and modify your own exciting arcade-style video games that will impress your family and friends! You’ll learn how to control characters, objects and outcomes in your game, then increase the difficulty level and add more features. Graphics design and graphics animation topics also will be covered. Learn how to design your own version of popular video games. The Scratch program is a free online download, so students can play and improve, or create more video games at home! **Students should bring an empty 2 GB flash drive.**

Fee: \$95

June 29–July 2, 1–4 p.m.

Drawn 2 Art

12–15 years **YOUTH ACADEMY**

To get the most out of your creativity and imagination, you need to learn the techniques and tricks that will make your drawings and paintings even more fantastic! Explore composition, color and perspective using different media, then let your creativity take over! We will do 3D-perspective drawing, abstract painting and cartooning. Learn the techniques and express yourself!

FEE: \$85 • Materials Fee: \$20

Ace of Cakes

13–16 years **YOUTH ACADEMY**

Are you the next Cake Boss? Learn how to decorate like the pros in MiraCosta College’s celebrated Cake Decorating Program designed especially for teens. Learn beginning frosting techniques, borders, drop flowers, designing, rolling, and working with fondant. Best of all—taste your amazing works of art! In one short week, you will get a crash course in all you need to know to start creating beautiful cakes! **Students will need to bring unfrosted cakes to class throughout the week.**

FEE: \$105 • Materials Fee: \$25

July 6–10, 9 a.m.–12 p.m.

Jr. Vet Tech Zoologis

6–8 years

MiraCosta College's highly acclaimed Veterinary Technician Program is for those who love animals and want to learn all about the world of veterinary medicine! In this junior version of Vet Tech, you will discover what it takes to become a veterinarian, learn how to use the tools of the trade using live animals, and increase your own pet's well being. This is a hands-on class with real world practices.

Please DO NOT sign up your child for this class if he/she has any animal allergies.

Fee: \$125 • Materials Fee: \$25

Minecraft Designers

8–11 years

If you love the game Minecraft, but always wanted to design characters and buildings for your game, this class is for you! Learn the basics of creating 3D modeling using a new industry grade software to design your very own characters and import them into your favorite Minecraft games. Creativity, problem solving and collaboration in teams are just a few STEM skills that you will be applying. Students must have Minecraft at home to import characters and a parent email address is required to create student accounts. Designer curriculum is compatible with any desktop (and laptop) version of Minecraft software for PC or Mac computer. It is not compatible with Xbox 360 and mobile tablets/phones. Offered in partnership with Black Rocket Productions.

Fee: \$165

Survivor Camp—Wilderness & Safety Awareness

10–13 years

Who will survive? YOU will after taking survivor camp! Learn how to work with knots and ropes, build natural shelters, purify water, create fire, find food in the wild, and master a variety of wilderness skills. Wilderness skills help people survive in the outdoors and weather in the aftermath of natural disasters. You'll learn how to reduce your risk of getting lost and how to react effectively with lifesaving actions if you have a backcountry emergency. Students will also be introduced to essential clothing and equipment.

Fee: \$110 • Materials Fee: \$25

July 6–10, 9 a.m.–12 p.m.

Robotics:

LEGO® Mindstorm EV3

10–13 years

Unleash your creative brilliance and learn valuable technical, problem-solving and workplace skills while having loads of fun in this robotics class. Robots are surprisingly easy to build and program, but they can be enhanced to do very complex functions! General Information

Equal Opportunity Policy/Disability Accommodation. MiraCosta College is committed to providing equal education and employment opportunities to all persons regardless of, but not limited to, race, color, religion, national origin, gender, marital or parental status, disability, age, sexual orientation or status as a Vietnam-era veteran.

Limited English-speaking students who are otherwise eligible will not be excluded from any vocational education program.

Students or community members with verified disabilities are entitled to appropriate accommodation. In compliance with Section 504 of the Rehabilitation Act of 1974, MiraCosta College has designated Connie Wilbur, DSPS Director, as its Section 504 coordinator. A variety of alternative formats and services are readily available; others may require additional time to provide. Prospective and enrolled students who need disability accommodations should contact Disabled Students Programs and Services at 760.795.6658.

The campus ADA (Americans with Disabilities Act) coordinator is Joe Mazza. Members of the public who seek accommodations for other than instructional or student services activities should contact Joe Mazza at 760.795.6866.

If you need information about the grievance procedure to resolve complaints of discrimination, including sexual harassment, contact Sheri Wright, the college Title IX coordinator, at the Oceanside Campus Human Resources Office, 760.795.6865.

Igualdad de oportunidades/servicios y ayuda para personas discapacitadas. El Colegio de MiraCosta se compromete a proporcionar igualdad de oportunidades en la educación y en el empleo a todas las personas sin establecer límites en cuanto a raza, religión, país de origen, sexo, estado civil o familiar, capacidad física, edad, orientación sexual, o situación como veterano de la guerra de Vietnam.

Los estudiantes que tienen derecho a entrar a un programa de educación vocacional no pueden ser excluidos debido a limitaciones en su inglés.

Dando cumplimiento con a la Ley de Rehabilitación de 1974, el Colegio MiraCosta ha nombrado a Connie Wilbur, como su coordinadora de la Sección 504 de dicha ley. Está disponible una variedad de adaptaciones alternativas; otras adaptaciones pueden requerir tiempo adicional para que puedan ser proporcionadas. Para obtener mayor información específica, comuníquese a la Oficina de Programas y Servicios para Estudiantes Incapacitados al 760.795.6658.

Miembros de la comunidad con incapacidades comprobadas que desean asistencia al asistir a actividades además de clases, tienen derecho a las adaptaciones correspondientes. Comuníquese con el coordinador de ADA, Joe Mazza al 760.795.6866.

Si necesita información respecto a los procedimientos para la resolución de quejas relacionadas con asuntos de discriminación, incluyendo el acoso sexual, comuníquese con la Oficina de Recursos Humanos del campus de Oceanside, al teléfono 760.795.6865.

Open Class Policy. It is the policy of MiraCosta College that, unless specifically exempted by statute, every course section or class shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such requisites as may be established.

Limited English-speaking students who are otherwise eligible will not be excluded from any vocational education program.

Los estudiantes que están calificados para entrar en el programa de educación vocacional no pueden ser excluidos debido a su inglés limitado.

Equal Employment Opportunity Policy. The MiraCosta Community College District is committed to the principles of equal employment opportunity and will implement a comprehensive program to put those principles into practice on the basis of age, ancestry, citizenship status, color, disability, economic status, ethnic group identification, gender, gender identity, gender expression, genetic information, marital status, medical condition, national origin, parental status, physical or mental disability, pregnancy, race or ethnicity, religion, sexual orientation or veteran status, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics. In addition to the aforementioned legally protected characteristics, the District also has an interest in nondiscrimination based on additional factors such as accent, citizenship status, economic status and ethnic group identification even though students or employees could not make a legal claim of discrimination based on these factors. The district will strive to achieve a workforce that is welcoming to men, women, persons with disabilities, and individuals from all ethnic and other groups to ensure the district provides an inclusive educational and employment environment. Such an environment fosters cooperation, acceptance, democracy and free expression of ideas. An Equal Employment Opportunity Plan will be maintained to ensure the implementation of equal employment opportunity principles that conform to federal and state laws.

Family Educational Rights & Privacy Act of 1974 (FERPA). All student records of MiraCosta College are kept in accordance with the provisions of the Family Educational Rights and Privacy Act.

A student may request access to those campus records that personally identify the student; the student may challenge the accuracy of the record or the appropriateness of its retention in the college records. Regardless of age, student consent is needed for the release of records

covered by the act to outside parties except for those agencies entitled to access under the provisions of the act (e.g., college officials; other schools; federal, educational and auditing officers; and requestors in connection with the application or receipt of financial aid). These provisions apply to records received and used after November 19, 1974.

Amendments to the act permit the college to release what is called "directory information," provided that the student or former student has not specifically asked the college to refrain from releasing such information. Check with the Admissions and Records Office for specific directory information and notification of student rights.

If you wish directory information not to be released without your prior written consent, please indicate on the college application or send a signed request to the Admissions and Records Office, MS 10A, MiraCosta College, 1 Barnard Drive, Oceanside, CA 92056.

Student Right-to-Know Rates. In compliance with the Student-Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the MiraCosta Community College District to make available its completion and transfer rates to all current and prospective students. Beginning in fall 2009, a cohort of all certificate-, degree-, and transfer-seeking first-time, full-time students was tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population at MiraCosta College, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, 27.70 percent attained a certificate or degree or became "transfer prepared" during a three-year period, from fall 2009 to spring 2012. Students who are "transfer prepared" have completed 60 transferable units with a GPA of 2.0 or better.

Based on the cohort defined above, 16.65 percent transferred to another postsecondary institution (UC, CSU, or another California community college) prior to attaining a degree, certificate, or becoming "transfer-prepared" during a five-semester period, from spring 2010 to spring 2012.

Selective Service—Important Notice for Male Students. Federal law requires men 18 through 25 years of age to be registered with the Selective Service System (SSS). The law applies to male citizens and immigrant aliens but not to foreign students who hold valid student visas. Men must be registered before they can receive federal or state financial aid for school, including loans and grants. Registration forms are available at any U.S. Post Office or online at www.sss.gov.

Federal Tax Credit. In accordance with federal tax credit legislation, MiraCosta College will post the 1098T form online in SURF at Payment & Account Information/view 1098T. If you do

not grant consent to use the form online, it will be mailed to your current address by the end of January. Information will also be reported to the IRS. If you did not provide your correct Social Security number to the Admissions and Records Office, complete a change of information form to ensure accurate reporting to the IRS. Please check with your tax preparer to determine if you are eligible to take advantage of this credit and the amount you may deduct.

Alcohol, Drugs & Tobacco. The district shall be free from all illegal drugs and from the unlawful possession, use or distribution of controlled substances and alcoholic beverages. Any employee, student, student worker or volunteer who violates this policy will be subject to disciplinary action (consistent with local, state, or federal law), which may include referral to an appropriate rehabilitation program, suspension, demotion, expulsion or dismissal. MiraCosta College is tobacco-free. No smoking or use of tobacco products is permitted at any college site, except inside parked vehicles.

Work Skills Programs—Train quickly for a NEW career!

Two training sites to choose from:

Landes Recreation Center

The Landes Recreation Center is home to our Facility Technician and our Introduction to Solar PV Installation programs. This training site is a perfect working lab for these two hands-on programs. With a large workroom containing machines and tools, students will be cutting, building, and installing. In addition, students will be able to practice troubleshooting and repair. Both the Facility Technician and the Introduction to Solar PV Installation courses train for green jobs. With the experience learned in our programs combined with the support of our Work Skills Navigator and our industry connections, students are provided solid opportunities for employment.

Technology Career Institute

The Technology Career Institute was newly opened this spring. In this 22,000 square-foot facility, MiraCosta Community Education & Workforce Development and the North San Diego Small Business Development Center have joined forces to create a central hub for training. This training site has three dedicated rooms for the Manufacturing Machinist program, allowing us to add new equipment and expand the curriculum and training opportunities.

We are launching our Engineering Technician program that has two dedicated rooms for integrated training in electronics, electricity, mechanics, hydraulics, pneumatics, automation and robotics.

We have also moved our homeland security series to this facility. This allows us to maximize student training and build further skill sets. We have additional classrooms for future work skills programs, incumbent worker training, and the occasional enrichment class or children's program. Additionally, our training site has a kitchen, student center, and gym for our students who are attending classes all day or are coming from out of town.

Additional Class Locations

We are still holding classes at the Oceanside Campus and San Elijo Campus in Cardiff.

Please check the location information listed within each course description.
