3. As appropriate, the FA leadership will consult with the Chair of the elections committee to ensure smooth functioning.

4. The FA Executive Committee will establish an Elections Committee and appoint members to the committee. No members of the Elections Committee shall be members of the Executive Committee.

5. By the end of the sixth week of classes of the spring semester, the Elections Committee shall establish an election timeline consistent with the procedure described below.
6. By the beginning of the ninth week of classes of the spring semester, the Elections Committee shall put out a call for nominations to all full members of the Faculty Assembly. The nomination period lasts approximately two weeks while classes are in session. Only those members nominated within the nominations period shall be considered for the ballot.

7. The Elections Committee shall verify the eligibility of each nominee and notify each eligible nominee via email. Any member of the Elections Committee who accepts a nomination shall resign from the Committee, and be replaced by appointment by the Faculty Assembly Executive Committee if necessary. Nominees will have at least one week from the close of nominations to accept the nomination, and to submit a candidate statement (and possibly other requested materials) via email to the designated person on the Elections Committee. If at one week from the close of nominations there are no more bona fide candidates than the number of seats for a particular position to be filled, the candidate(s) shall be declared winner(s) by the Elections Committee and no election for such position(s) shall be held. Any process noted here may be done through automated or electronic means.

Once the ballots are distributed, members shall have at least three working days (weekdays when classes are in session) in which to submit their vote and at least five working days from the date the brochure was made available. In the race for positions on the Faculty Assembly Executive Committee, a single paper or electronic ballot shall list all candidates. All ballots shall be returned either in person, via campus mail, or electronically to the chair of the Elections Committee or designee according to the election timeline. Votes for candidates who are not listed on the official ballot shall not be counted or considered.

11. After the deadline for submission of ballots according to the timeline established by the Elections Committee, the Elections Committee shall count the ballots. Ballot counting may be done through automated means using appropriate technology.

a) The candidates for Faculty Assembly President, Vice President, Ombudsperson, and Executive Members who receive a majority of the vote for each position shall be declared the winner. In the case of this request, each candidate in that race may be present during the recount and may inspect the Elections Committee security for the paper or electronic ballots. In the case of a mistake in counting the votes or a breach of security, the Elections
Committee may amend the results of the election to declare the candidate who received the verified majority of the votes cast to be elected or may conduct a new paper or electronic ballot if a security breach compromised the results of the election.

8. Vacancies shall be filled in one of two ways:

   a) Those vacancies that occur for Vice-President, Ombudsperson, and Executive Committee members while half or less of the term is unserved shall be filled by appointment by the remaining members of the Executive Committee and confirmation of the Faculty Assembly Council.

   b) Those vacancies that occur while more than half of the term is unserved, or a vacancy in the office of Faculty Assembly President, shall be filled by special election using the same process as for the general election as described above, but with an adjusted timeline as determined by the Elections Committee. Once the ballots are tabulated and the winner with the most votes declared, the winner shall take office immediately.

Section B: Recall of Faculty Assembly Officers

1. To initiate a recall of any member of the Executive Committee, written petition bearing the signatures of at least 20 percent of the full Faculty Assembly members must be presented to the Elections Committee. A separate petition is required for each officer being recalled. A recall may not be held if three months or less remain in the officer's term.

2. If a valid petition is received, the Elections Committee shall establish a nominations period of no less than two weeks and issue a call for nominees. If no one accepts a recall nomination, then no recall shall be held.

3. If at least one full Faculty Assembly member accepts a recall nomination, then the Elections Committee shall distribute paper or electronic ballots to all full members of the Faculty Assembly. The ballot shall contain two questions per officer subject to recall: (1) "Shall [name of officer] be recalled"; and (2) "If [name of officer] is successfully recalled, which of the following candidates should replace him/her"? All ballots shall be returned either in person, via campus mail, or electronically to the chair of the Elections Committee or designee within five class days.

4. If the first question is successful, the candidate receiving the majority of the votes shall be declared the winner. If there is no majority in the initial balloting, within a week, a runoff election shall be held between the two candidates who received the highest number of votes. The person who receives the majority in the runoff shall be declared the winner.

5. The winning candidate shall serve for the remainder of the recalled officer's term, effective immediately on declaration of a winner by the Elections Committee.

2. The resignation and its effective date shall be official once the Chair of the Elections Committee has verified the message and replied to the Council Member or Officer via MiraCosta College email. A simultaneous copy of the reply will be sent to the Faculty Assembly president (or to the Faculty Assembly vice president in the event of the president’s resignation).

3. Once a resignation message has been verified, it is not possible to rescind this resignation.
