No class on 2/16.

How to Draw Portraits That SELL
All experience levels are welcome.
Whether you are a beginner or seasoned artist, this class will teach you secret tips and techniques to draw portraits that sell. Have fun learning basic portrait anatomy and expressions, how to photograph your model, and the business of portrait selling from a pro who has painted over 3,000 portraits. You will be drawing at every class session!

Fee: $115. Early Bird Special $105 (Register BEFORE 3/22)

Supplies: A $3 materials fee will be collected in class. A materials list will be included with your student confirmation upon registration.

Instructor: Stan Stevenson
Location: San Elijo Campus, Room 205
Time: 6 Saturdays, 3/30–5/4, 9 AM–12 PM
NEW Fun with Heads and Faces
All experience levels are welcome. Having fun drawing someone’s face is the definition of caricaturing. It’s the process of exaggerating the likeness of a person. But, a good caricature must capture more than just a likeness; it must also capture the personality and essence of the person. In many ways, a good caricature can be more recognizable than a plain, traditional portrait. You will be shown how to do this (many demo’s), in this class!
Fee: $115. Early Bird Special $105 (Register BEFORE 1/26)
Supplies: A $3 materials fee will be collected in class. A materials list will be included with your student confirmation upon registration.
Instructor: Stan Stevenson
Location: San Elijo Campus, Room 206
Time: 6 Saturdays, 2/2–3/16, 1–4 PM
No class on 2/16.

NEW Learn to Draw Fabulous Figures Without a Model
All experience levels are welcome. Learn Michelangelo’s secrets of anatomy and his original technique in this fast, fun and informative class. You will learn to simplify the form and basic anatomy from a long-time professional artist. Learn how to draw the human figure easily, without having to use a model.
Fee: $115. Early Bird Special $105 (Register BEFORE 1/27)
Supplies: A $3 materials fee will be collected in class. A materials list will be included with your student confirmation upon registration.
Instructor: Stan Stevenson
Location: San Elijo Campus, Room 206
Time: 6 Saturdays, 2/2–3/16, 9 AM–12 PM
No class on 2/16.

NEW Learn to Draw Realistic Hands
All experience levels are welcome. Frustrated? Don’t be! Hands are one of those things many artists struggle to do well. They are complicated structures of many moving parts. Next to the face, hands are probably the most expressive part of the human form. In this class you will learn how the pros simplify the drawing process by breaking it down into three quick and easy procedures. Just like magic, you’ll be drawing hands like Michelangelo did. No more frustration!
Fee: $115. Early Bird Special $105 (Register BEFORE 3/22)
Supplies: A $3 materials fee will be collected in class. A materials list will be included with your student confirmation upon registration.
Instructor: Stan Stevenson
Location: San Elijo Campus, Room 205
Time: 6 Saturdays, 3/30–5/4, 1–4 PM

INSTRUCTOR BIO:
Stan Stevenson is a modern-day Renaissance artist. His work is recognizable and beautiful; something you can enjoy without having to have a reason. Today, there is a re-emergence of the craftsmanship and technical excellence of the “old school”—the same excellence and quality that is synonymous with the “Old Masters.” He has followed this approach to painting since he began his career over 40 years ago. His paintings hang in some of the finest galleries. Stevenson has attracted the attention of celebrities, statesmen, and corporate presidents, who have, over time, become devoted collectors. Now is your opportunity to explore all the art courses that Stan is teaching this semester!
Watercolor—An Elemental Approach
All experience levels are welcome, especially the enthusiastic beginner! Do you find inspiration in representational subjects (trees, rocks, water, sky, people, animals, buildings, flowers, shadows and colors) but confused about how to paint them? Learn a logical, elemental approach to artfully depict representational subjects in watercolor while developing control of shape, color, value and texture in a watercolor medium.

Fee: $136
Supplies: A $3 materials fee will be collected in class. A materials list will be sent by the instructor prior to the start of class.

Instructor: Drew Bandish, artist
Location: San Elijo Campus, Room 206
Time: 6 Saturdays, 4/6–5/18, 9 AM–12:30 PM
No class on 4/27.

Watercolor and More
All skill levels are welcome—for mature adults.
Would you like to paint with confidence by learning extremely fun and easy techniques to achieve quality results? Are you looking for a way to reduce stress and have a relaxing and creative experience in a supportive group? Then this is the class for YOU! Individual attention will be given to each student. You will be delighted with your successful paintings!

Note: Periodically, there will be mixed media used with watercolor.

Fee: $79. Early Bird Special $70 (Register BEFORE 1/30 for class start date 2/5 and BEFORE 3/27 for class start date 4/2)
Supplies: A materials list will be included with your student confirmation upon registration.

Instructor: Linda Goldstein
Location: Fletcher Cove, Community Center
Time: 7 Wednesdays, 2/6–3/20, 9 AM–12 PM

NEW Watercolor Painting—Plants, Succulents and Simple Flowers
All experience levels are welcome. Painting simple plant arrangements is a great way to learn how to paint in watercolors and at the same time improve your landscape painting skills. We will explore color blending, drawing skills and watercolor techniques using your choice of plants and container combinations to achieve appealing artwork to hang on your walls.

Fee: $105. Early Bird Special $99 (Register BEFORE 3/30 for this rate)
Supplies: A $5 materials fee will be collected in class for pens, colored inks and handouts. A materials list will be sent by the instructor prior to the start of class.

Instructor: Barbara Roth
Location: San Elijo Campus, Room 206
Time: 5 Saturdays, 4/6–5/4, 1 PM–4 PM

NEW Watercolor and Words
All experience levels are welcome. Using words in your watercolor paintings is a subtle, stylish way to add interest and communicate with your viewers. In this workshop, you will learn methods for arranging words and choosing fonts that will enhance your paintings through hand lettering, brush lettering and faux French pen calligraphy writing.

Fee: $105. Early Bird Special $99 (Register BEFORE 1/26 for this rate)
Supplies: A $5 materials fee will be collected in class for pens, colored inks and handouts. A materials list will be sent by the instructor prior to the start of class.

NEW Botanical Watercolor Workshop

All experience levels are welcome. Discover the world of botanical watercolors and learn how to create watercolor paintings of your favorite flowers. Beginners acquire new knowledge and skills, and experienced artists will refine their techniques with renewed vigor and enthusiasm. Your instructor Haesun Lee will teach you to observe, measure and draw plants in great detail with botanical accuracy.

Fee: $105. Early Bird Special $99 (Register BEFORE 2/23 for this rate)
Supplies: A $3 materials fee will be collected in class for pens, colored inks and handouts. A materials list will be sent by the instructor prior to the start of class.
Instructor: Haesun Lee
Location: Oceanside Campus, Room 2269
Time: 5 Saturdays, 3/2–4/6, 9 AM–12 PM
No class on 3/23.

Oil Painting for Pleasure

The goal is to better understand value, shape and color, and how to use them to create a harmonious painting. This is a class for new or experienced students with good drawing skills. The class emphasis changes each semester, so there is continual learning of new skills. There will be a mix of painting with the class on a project and working independently. By the end of this course, you will have some finished paintings to proudly display in your home! Build the foundation you need to create great works of art.

Note: Must have previous experience in drawing or strong drawing skills.
Fee: $105
Supplies: A $3 materials fee will be collected in class. A materials list will be sent by the instructor prior to the start of class.
Instructor: Anne von Benckendorff
Location: San Elijo Campus, Room 205
Time: 5 Saturdays, 2/2–3/9, 9 AM–12 PM
No class on 2/16.

INSTRUCTOR BIO:
Haesun Lee is a contemporary visual artist and has instructed in higher education to lower grade levels for six years. She received a M.A. from New York University and a M.F.A. degree from Rutgers University. Ms. Lee actively exhibits her artwork in prestigious juried exhibitions and has received the Juror award.
Ukulele
Do you have a ukulele sitting in your house and would like to learn how to play it? Jam on the beach with friends and show off what you have learned in these classes.

**Fee:** $79
**Supplies:** A $10 materials fee will be collected in class. Please bring your own ukulele, tuner, 3-ring binder, notebook and pencil with eraser to class.
**Instructor:** Zenia Panao
**Location:** San Elijo Campus, Room 201

**Time:** 8 Fridays, 2/22–4/19, 6:30–8 PM
No class on 3/22.

**Intermediate Workshop**
This workshop is for those students who are past the beginning stage of ukulele playing and would like to learn more chords, finger-style picking and transposing of chords.

**Time:** 8 Mondays, 1/14–3/18, 6:30–8 PM
No class on 1/21 & 2/25.

Beginning Blues Harmonica
This class will get you quickly “jamming da blues” as you learn the many techniques to make the harmonica cry, moan and wail the blues! Through this fun, one-night workshop, you will learn proper breathing techniques, blues harmonica rhythms, improvisational techniques and how to effectively solo and practice.

**Fee:** $45
**Supplies:** A $15 materials fee will be collected in class. Please bring your own C major diatonic harmonica, or you can purchase one in class for $13.
**Instructor:** Dave Broida
**Location:** Oceanside Campus, Room 3205
**Time:** 1 Monday, 3/4, 6–8 PM

“Zenia brought music to my life. I had so much fun playing the ukulele. It brought joy to my heart!”

Getting Started with Your dSLR
In this workshop, you will learn how to set up your camera to optimize the quality of your photographs. We will cover important topics of white balance and ISO, allowing you shoot under difficult conditions. Additionally, we will learn about the little icons on your shooting dial. After you have completed this class, you’ll be able to take pictures right away!

Fee: $45
Supplies: A $3 materials fee will be collected in class. Please bring your camera and manual to class.
Instructor: Terry Matsuoka
Location: Oceanside Campus, Room 3201
Time: 1 Tuesday, 2/5, 6:30–8:30 PM
Location: San Elijo Campus, Room T101
Time: 1 Wednesday, 2/20, 6:30–8:30 PM

From Good to Great Photos: Understanding Aperture and Shutter Speed
Even if you didn’t realize it, this is probably why you bought your dSLR in the first place. Aperture and shutter speed can be daunting concepts to understand on your own. Once you master these aspects of photography, it’s what is going to separate your pictures from the rest. We will also take a look at some of the pictures you took after your first session for constructive evaluation. After this class, you’ll be able to practice depth-of-field and capture motion and time.

Fee: $45
Supplies: A $3 materials fee will be collected in class. Please bring your camera and manual to class.
Instructor: Terry Matsuoka
Location: Oceanside Campus, Room 3201
Time: 1 Tuesday, 2/12, 6:30–8:30 PM
Location: San Elijo Campus, Room T101
Time: 1 Wednesday, 2/27, 6:30–8:30 PM

Making Shooting Perfect Pictures Easy
The primary strategy for achieving great pictures is proper lighting, no matter what kind of camera you have. To make getting that perfect shot easy, we will cover lens focal length, exposure compensation, bracketing, auto focus points and flash. You will be surprised at how advanced you become after this class.

Fee: $45
Supplies: A $3 materials fee will be collected in class. Please bring your camera and manual to class.
Instructor: Terry Matsuoka
Location: Oceanside Campus, Room 3201
Time: 1 Tuesday, 2/19, 6:30–8:30 PM
Location: San Elijo Campus, Room T101
Time: 1 Wednesday, 3/6, 6:30–8:30 PM

Introductory digital SLR photography series can be taken as individual courses for $45, or together for only $99!
The photography topics are interrelated and affect one another, so we recommend you take all three (Getting Started with Your dSLR, Aperture and Shutter Speed and Making Shooting Perfect Pictures Easy) to get a complete understanding of the camera and picture-taking.

HOW TO APPLY FOR WORK SKILLS CLASSES

The majority of our Work Skills classes (identified by a ◊) require that students complete an online application in our Work Skills database, “Apricot.” In order to start the enrollment process, please go to tinyurl.com/TCIinterest to fill out a Student Interest Form. Then, follow the steps below to complete an Application and Medical Form (Real Estate does not require Medical Form).

1. Sign on using your email and password at ctk.apricot.info
2. Click on Student Interest Form in the upper left
3. Click on your name (if it does not appear, click on “Browse All” to refresh the page
4. Go to the right of Application and click on “Create New”
5. Choose (PROGRAM)
6. Don’t forget to SAVE IT!
7. Go to “View Folder” and do the same for the Medical Form

Lastly, submit two forms of ID in person or via email to tci@miracosta.edu.

Note: For our longer Work Skills programs and/or outside funding sources, there may be additional forms and documents that are required.

Our programs under 50 hours will typically accept students ages 15 years or older. Please contact our office at 760.757.2121, x6346 prior to applying.

CERTIFICATE INFORMATION

For any program over 50 hours, students will have the opportunity to earn a certificate of accomplishment. If you are enrolled and successfully complete a program under 50 hours, we can issue a certificate for $15.

REFUND POLICY

Refunds will be made up to five working days prior to your class start date. A $25 cancellation fee will be retained for each refund. There are no refunds given once the class has begun, unless special permission has been granted by the program coordinator.

AutoCAD for Manufacturing

Using Autodesk Inventor

This 15-hour introductory course introduces students to Autodesk Inventor, a 3D mechanical design software. This program allows students to move from 2D to 3D images. In this course, students will also learn how to transform their CAD drawing to a usable CAM image.

Fee: $100 Admin Fee: $50*

Location: Technology Career Institute

Time: 5 Tuesdays, 3/12–4/9, 6–9 PM

Basic Electronics

An introductory, 50-hour course that teaches students the basics of electronic technology. Students experiment with direct current, series-parallel circuits and transistors/semiconductors. Additional topics include: study of Ohm’s law, Watt’s law, use of electronic components, basic soldering, oscilloscopes, digital volt meters, bread-boarding electronic circuits, basic computer troubleshooting and basic AC circuitry.

Reduced Fee: $450

Location: Technology Career Institute

Time: 10 Mondays & Wednesdays, 2/20–4/29 6–8:30 PM

Blueprint Reading with GD&T

In this hands-on class students learn to read and correctly interpret blueprints used in the manufacturing trades. They will get an opportunity to draw and edit simple blueprints through step-by-step development of multi-view drawings. In addition, students will learn the basics of geometric dimensioning and tolerancing (GD&T). This course is the perfect introduction to GD&T, symbols, applications and methods of inspection.

Fee: $200 Admin Fee: $75*

Location: Technology Career Institute

Biomedical Equipment Technician Program (BMET)

Biomedical Equipment Technology plays a vital role in patient care through the inspection, maintenance and repair of medical devices. MiraCosta’s 486-hour BMET Program will train students to troubleshoot, repair monitor and maintain electronics-based biomedical instruments and equipment. The program was developed as a result of increasing demand for biomedical equipment technicians (BMETs) in the San Diego County region. Courses build on lecture topics through extensive hands-on application in the areas of:

- Fundamental electronics
- Advanced troubleshooting
- Human anatomy
- BMET career readiness

Fee: $6,000 Admin fee $350*

Register for the FREE information session (details on page 14).

Location: Technology Career Institute

Computer Numerical Control (CNC) Operation

Computer numerical control (CNC) is the automated control of manufacturing machining tools (drills, boring tools, lathes) by means of a computer. In this 56 hour course, students will learn safety, terminology, and basic blueprint reading as well as interpretation of G&M codes, and operation of both a HAAS CNC mill and lathe. Students will also get exposure to CAD/CAM software. Course material and activities are provided via demonstrations and hands-on instruction.

Fee: $2,100  Admin Fee: $175*
Location: Technology Career Institute
Time: 14 Saturdays, 1/12–4/20
8 AM–4:30 PM. No class on 2/16.

CNC Programming—Introduction

Using MasterCam Mill
In this 30-hour introductory course, students learn how to design basic CNC programs for a three-axis CNC milling machine. Students will be instructed on G&M codes, Boolean logic and machine and control definitions. In addition, the class will cover basic aspects of post configuration, variable definitions, formatting, post lines, post text, modality and control definitions.

Fee: $200  Admin Fee: $75*
Location: Technology Career Institute
Time: 5 Tuesdays & Thursdays, 2/5–3/12, 6–9 PM
No class on 2/14.

CNC Programming—Intermediate

Using MasterCam Mill
MasterCam is the most widely used CAM software in the industry and this intermediate, 30-hour course will provide students with trade-specific tips and tricks, whether they are in the production or the programming. This course also teaches additional topics for more intricate programs and designs. HAAS simulators will be used to test run the programs.

Fee: $200  Admin Fee: $75*
Location: Technology Career Institute
Time: 5 Tuesdays & Thursdays, 3/19–4/23
6–9 PM. No class on 4/11.

NEW EXCITING PROGRAM 2019!

Craft Brewing Technician Program  |  TUITION FREE

San Diego is arguably the best city on the planet for beer brewing with new micro-breweries popping up every month. MiraCosta’s Craft Brewing Technician program is the fastest way into a lucrative career in this growing field. Students will learn about the history and nature of contemporary craft brewing, the techniques and technologies for maintaining small brewery operations and hands-on practice in equipment maintenance and repair.

Fee: $4,000  Admin fee $350*
Location: Landes Recreation Center, 2855 Cedar Road, Oceanside
Time: Tuesday–Thursday, 9/3–12/19, 3–9:30 PM & 7 Saturdays, 9/14, 9/28, 10/12, 10/26, 11/9, 11/23 & 12/14, 9 AM–3:30 PM
No class on 11/26–11/28. 325 hours, 15 weeks

*Tuition is FREE through the DOL funded America’s Promise Grant.
Note: The listed administrative fees will be collected upon registration.
◊ Digital Precision Measuring
Using a Portable CMM
An introduction to metrology using a portable CMM and Verisurf CAD software. Students will learn the basics of inspection, measurement, analysis and reverse engineering. This course is for individuals working within the advanced manufacturing environment.
Fee: $200  Admin Fee: $75*
Location: Technology Career Institute
Time: 5 Tuesdays & Thursdays, 3/26–4/25
6–9 PM

◊ Introduction to Electromechanics
Electromechanical technicians combine knowledge of mechanical technology with knowledge of electrical and electronic circuits. They install, troubleshoot, repair and upgrade electronic and computer-controlled mechanical systems. In this 60-hour course, students will learn about mechanical systems: solder small electrical boards, build, program and operate a 3D printer, troubleshoot a copier and more.
Reduced Fee: $500
Location: Technology Career Institute
Time: 10 Tuesdays & Thursdays, 2/19–4/25, 6–9 PM

◊ Electronic Assembly
Learn the necessary training to become an electronic assembler at an advanced manufacturing company:

- Soldering through-hole and surface mount single-lead/multi-lead components
- Soldering multi-pin IC chips
- Measuring and cutting wire
- Trimming insulation, crimping, connectorizing, molding and insulating connector ends
- Wrapping, bundling, shielding, insulating and security cable harnesses
- Mounting modules, components, connectors, cables and harnesses into chassis

Students will work toward IPC certification. In addition, students will learn the role of production in the manufacturing system and how certain skill sets, such as reading and analyzing acceptance criteria, testing, documentation and soldering are integral to the job.
Fee: $1,800  Admin Fee: $220*
Certification: A $65 Certification fee will be collected.
Location: Technology Career Institute
Time: 10 Sundays, 1/13–3/24, 8:30 AM–5 PM
No class on 2/17.

◊ Engineering Technician Program
Whether you want to work in electronics, aerospace, biotechnology or breweries, this program can provide you with the necessary training.
Engineering technology integrates theory and application in mechanical, electrical and electronic systems, fluid power, automation, robotics, and computer software. Our 600-hour program is 75% hands-on, gets students in front of industry leaders and trains students in the areas that companies have requested.
Students will receive:

- OSHA certification
- National Career Readiness certification
- 2 days of job shadow experience
- Industry tours and guest speakers
- Career Readiness Bootcamp

Students will experience an accelerated program designed to prepare them with the skill sets to qualify for immediate entry into positions with local industry. Or, if a student has a college degree in this subject area or is interested in pursuing one in the future, this is the perfect supplement to enhance their current or future education.
Fee: $6,750. GI Bill® and WIOA funding approved.
Tuition is FREE through the DOL funded America’s Promise Grant. Note: A $350* charge to cover administrative fees will be collected upon registration.
Registration: Monday–Friday, 5/6–8/21, 8 AM–4:30 PM
No class on 5/27 & 7/4.

*Tuition is FREE through the DOL funded America’s Promise Grant.
Note: The listed administrative fees will be collected upon registration.
Introduction to the Internet of Things (IoT)

Remote Monitoring for Equipment and Facilities
In this 15-hour course, students will learn to:

• Develop a complete IoT monitoring application using “Drag n Drop” graphical IDE
• Program Arduino sensor modules to monitor machine vibration
• Store sensor data in a password protected online database
• Access/display data from remote sensors in an online “Dashboard”

Facility management and security are two major focus areas for companies deploying IoT technology. The ability to monitor and maintain equipment located at remote sites without traveling to perform maintenance, as well as the capability to monitor and manage physical facilities using internet technology, speaks to IoT’s vast appeal. — 2018 Report from ZDNet and TechRepublic

Fee: $100
Admin Fee: $30*

Location: Technology Career Institute
Time: 5 Thursdays, 2/7–3/7, 6–9 PM

Lean Manufacturing Essentials

Lean manufacturing is a systematic method for eliminating waste and this course provides hands-on, practical application of A3 problem solving, value stream mapping, kaizen group improvement, 5S organization, and standard work instructions that anyone can use in any business. Additional LEAN concepts you will learn: 8 wastes, 5 whys, error proofing, Takt time, balancing work and visual management.

Fee: $150

Location: Technology Career Institute
Time: Saturday & Sunday, 3/9 & 3/10 9 AM–4 PM

Machinist Technology Program

Want to work in the aerospace industry, make medical device parts and accessories or design a new golf club? Gone are the days of the grease-covered, conventional machinist. Today’s machinist must be highly trained with specific skills, working in high-tech manufacturing plants that are clean and innovative. Our nation has a huge shortage of skilled workers. As 77% of skilled Baby Boomers leave the workforce, San Diego County will need to fill thousands of positions over the next 15 years.

To meet this need, we offer a fast-paced, high-level training program. Students will be able to complete this program in 21-weeks (487 hours), with training in shop math, metal properties, reading blueprints, precision measuring, tooling, G&M codes, and manual and CNC machining. In addition, students will receive:

• OSHA certification
• National Career Readiness certification
• Opportunities to attend local industry meetings
• 2 days of job shadow experience
• Industry tours and guest speakers
• Career Readiness Bootcamp
• Apprenticeship pipeline available

Fee: $6,000. GI Bill® and WIOA funding approved. Tuition is FREE through the DOL funded America’s Promise Grant. Note: A $350* charge to cover administrative fees will be collected upon registration.

Register for the FREE information session (details on page 15).

Location: Technology Career Institute
Time: Monday–Thursday, 7/22–12/19, 3–9:30 PM
No class on 9/2, 11/11, 11/25–11/28. 6 hours each day.
◊ **MATLAB I**
MATLAB is a scientific computing language and program platform widely used throughout industry. It is designed to simplify rapid development and prototyping of highly intensive applications. MATLAB is used in robotics, PLC design, electrical engineering, economics, financing, neural networks, video processing, image processing, data acquisition and more. You will learn to build your own functions based on processing audio signals and images. Finally, you will learn to use the various toolboxes available in the student version of the software.

**Time:** 2 Saturdays & Sundays, 3/23–3/31 9 AM–5 PM

◊ **Introduction to PLC Design Logic I**
A hands-on introduction to PLC programming using Siemens TIA S7–1200 hardware and software. The course covers hardware components and software interfacing to the PLC. An introduction to ladder logic programming essentials including switches, RS/SR logic, timers, counters, internal memory and comparators.

At the end of this course the student will become familiar with ladder logic programming and interfacing with the PLC controller.

**Note:** A basic understanding of electrical circuitry is strongly recommended.

**Fee:** $200

**Location:** Technology Career Institute

**Time:** 4 Saturdays, 3/2–3/23, 12–5 PM

◊ **PLC Design Logic II**
An in-depth study of logic design geared toward designing sequential logic systems using ladder logic based on a RS Logix 500 emulator. Topics covered include: Combinational and sequential logic, state diagrams and sequential function charts. A review of ladder logic using switches, timers and counters will be covered along with advanced topics, such as arithmetic operations, MOV operators, logic functions, shift registers and subroutines. Five simulated design projects will be assigned throughout the course. At the end of this course the student will become familiar with design methodologies for PLC programming.

**Note:** A basic understanding of electrical circuitry is strongly recommended.

A hands-on introduction to PLC programming using Siemens TIA S7–1200 hardware and software. The course covers hardware components and software interfacing to the PLC. An introduction to ladder logic programming essentials including switches, RS/SR logic, timers, counters, internal memory and comparators.

At the end of this course the student will become familiar with ladder logic programming and interfacing with the PLC controller.

**Note:** A basic understanding of electrical circuitry is strongly recommended.

**Fee:** $200

**Location:** Technology Career Institute

**Time:** 4 Saturdays, 3/2–3/23, 12–5 PM

◊ **PLC Design Logic II**
An in-depth study of logic design geared toward designing sequential logic systems using ladder logic based on a RS Logix 500 emulator. Topics covered include: Combinational and sequential logic, state diagrams and sequential function charts. A review of ladder logic using switches, timers and counters will be covered along with advanced topics, such as arithmetic operations, MOV operators, logic functions, shift registers and subroutines. Five simulated design projects will be assigned throughout the course. At the end of this course the student will become familiar with design methodologies for PLC programming.

**Note:** A basic understanding of electrical circuitry is strongly recommended.

**Fee:** $200

**Location:** Technology Career Institute

**Time:** 4 Saturdays, 3/30–4/27, 12–5 PM

*No class on 4/20.*

*Introduction to Python-xy

Python is a powerful programming language used in many areas of industry such as:

- Computer vision
- Machine learning
- Robotics
- Web development
- Gaming

This course focuses on the basics of Python-xy programming with examples in computer networking and web applications. These basics are the starting point for other future classes, including embedded computing courses using Raspberry Pi and robotic programming using RoboSDK.

Fee: $150

Location: Technology Career Institute

Time: 5 Fridays, 3/1–3/29, 5–9 PM

Our new 486-hour program will employ hands-on training using state-of-the-art technology. Upon course completion, students will be ready to take the FAA Unmanned Aircraft Systems (UAS) Drone Knowledge Test—the required exam needed to pass to get a Remote Pilot Certificate.

Course includes:

- Industrial safety
- Electrical and specialty wiring
- Programmable controllers
- Machine design
- PC base data acquisition and control
- Geographic Information Systems (GIS)
- Electrical and mechanical repair
- Introduction to submersible robotics
- Introduction to ROV/drone careers
- ROV piloting
- Introduction to drones (UAVs)
- Drone piloting
- FAA licensing requirements and regulations
- FAA exam prep

Fee: $6,000

Admin fee $350*

*Note: The listed administrative fees will be collected upon registration.

◊ Welding and Metal Fabrication

Interested in welding and other authentic manufacturing processes? If so, this class is a great introduction or opportunity to practice existing skills. Topics include:

- Oxy-acetylene welding, cutting, brazing and soldering
- SMAW: electrodes and positions
- GMAW: hardwire, short and spray arc, gas coverage
- FCAW: inner and dual shield
- GTAW: aluminum, magnesium, stainless steel, carbon steel, brass and gas coverage
- Plasma arc cutting

Students will also learn fabrication math, specialty certifications, fabrication skills, job steps from start to finish, tacking, squaring and order of welding and basic critical thinking.

**Fee:** $375

**Supplies:** A $100 materials fee will be collected.

**Location:** Landes Recreation Center, 2855 Cedar Road, Oceanside

**NEW** Phlebotomy Technician Program

Are you looking for a career opportunity in which you can work within the community, gain valuable experience and make a difference in the lives of children and families? Consider becoming a Professional Child Visitation Monitor; a position that is always in demand. Average pay for monitors is $30–$60 per hour, depending on the case. Sometimes, based on issues of protection and safety, a judge will order that a child only have contact with a parent when a neutral third person is present during the visit. The monitor’s responsibility is to ensure the safety and well-being of the children involved. This comprehensive course satisfies the state’s 24-hour training requirement. You will learn California policies and procedures, as well as your role as a monitor. Upon completion, you will also receive a certificate of accomplishment and forms necessary to register with San Diego Superior Court.

**Note:** Must be at least 21 years old and have a clean record. A small business license is required if you want to work independently as a child visitation monitor. Participants will eventually get fingerprinted upon registering name with the superior court and apply for a business license. This comprehensive course satisfies the state’s 24-hour training requirement.

**Fee:** $295

- Register for the FREE information session: 3/13 at 5:30–6:30 PM, Oceanside Campus, Room 3511

**Supplies:** A $55 materials fee will be collected in class for training manual. Bring sack lunch or snacks.

**Instructor:** Jazmin Mundo

**Location:** Oceanside Campus, Room 3103

**Time:** 4 Saturdays, 4/27–5/18, 8:30 AM–3:30 PM

REAL ESTATE LICENSE PROGRAM

An accelerated 4-month program that includes licensing exam preparation. The Real Estate License Program provides the perfect training for those students planning to enter the real estate profession, as well as opportunities for those currently working in real estate and related areas to increase knowledge in this field. MiraCosta’s Real Estate Program has moved to Community Education & Workforce Development and will no longer offer college credit. However, the duration of the course has been shortened to 4 months/150-hours and includes testing preparation and the opportunity to take the real estate exam at the end of class.

Course includes: Real Estate Principles, Real Estate Practice, Legal Aspects of Real Estate, Mastering Real Estate Math and Exam Preparation.

CERTIFICATIONS: If students attend all classes, complete the necessary coursework and pass the required tests, students will receive: a MiraCosta College Certificate of Accomplishment. Licensing to become a real estate salesperson is conducted by the California Department of Consumer Affairs Bureau of Real Estate (BRE). To obtain a California Real Estate Salesperson license, candidates must first qualify for and pass a written examination. For information about state licensing, go to: bre.ca.gov.

Fee: $350 per course, or save and sign up for all three courses for $900

Become a Notary Public the Smart Way in One Day!

Making more money is always a great idea and shows your amazing initiative! Establish yourself as a notary public, earn additional income and provide a service to your community. Notary skills are valuable in almost any industry: real estate, legal, medical and banking to name just a few. This six-hour state-approved seminar gives you the knowledge to pass the notary exam and practice as an effective notary. The class will focus on new legislation, passing the test (must be taken every four years), how to identify document signers, keeping a journal, completing certificates properly and how to avoid lawsuits. After becoming a notary, train to become a loan signing agent and make $200 to $400 per signing. You will be a part of a rewarding and lasting career. Must be at least 18 years old and have a clean criminal record.

Note: You are automatically registered for the official state exam directly following the seminar. See box to the right regarding the notary test. Due to state regulations, no one will be admitted to the classroom after 8:30 AM. In addition, you must be on time when returning to the classroom from all breaks. Refunds will not be issued.

Fee: $99
Supplies: A $35 materials fee will be collected in class.
Instructor: Notary Public Seminars, Inc.
Location: Oceanside Campus, Room 3102
Time: 1 Saturday, 3/16, 8 AM–6 PM

Renewing Notaries

Need to renew your notary commission? We’ll feature the new state laws and give you a brush-up on general law to make sure you haven’t fallen into any bad habits. Your commission must be current to be eligible for the three-hour seminar. Renewing notaries must take the exam and submit Live Scan fingerprints again. Option: the six-hour notary public education course satisfies the requirement for a three-hour refresher course.

Note: You are automatically registered for the official state exam directly following the seminar. See box to the right regarding the notary test.

Fee: $50
Supplies: A $35 materials fee will be collected in class.
Location: Oceanside Campus, Room 3102
Time: 1 Saturday, 3/16, 12:45–6 PM

Notary Testing

Need only the notary exam? Preregister with MiraCosta College Community Education or pay at the door. A six-hour approved course must be completed before you are eligible to take the notary exam (see information below regarding the notary test).

Fee: $25
Location: Oceanside Campus, Room 3102
Time: 1 Saturday, 3/16, 3:45–6 PM

For regular notaries, renewing notaries, and those taking just the test, Cooperative Personnel Service will register you for the exam from 3:45–4:45 PM. The exam will be from 4:45–5:45 PM. If you are taking the exam, you will need to bring the following with you: $40 check made payable to “Secretary of State,” current CA driver’s license with photo or state-issued ID card, a 2”x2” color photo of yourself, and two #2 pencils. If you took your notary class online, you MUST have your certificate of completion with you. Live Scan fingerprints are required after you pass the exam. Serious convictions may disqualify applicants.

Become a Certified Loan-Signing Agent

Use your new skills as a notary public to earn more money. We’ll teach you how to notarize loan documents and give you a simple strategy to launch your new business. Loan signing agencies are hiring and some do require a certificate to land the job. Our expert instructors are in the business, and will teach you how to negotiate your fee, get called back and brand yourself as a professional in the market. Topics include:

• Notarize a loan package from any bank successfully every time
• What not to discuss with your clients
• How to develop your own business in five easy steps
• How to connect with busy signing agencies

Prerequisite: Must be a notary public or have taken a notary class.

Fee: $99
Supplies: A $40 materials fee and a $20 certificate fee will be collected in class.
Instructor: Notary Public Seminars, Inc.
Location: Oceanside Campus, Room 3102
Time: 1 Saturday, 3/30, 10 AM–4 PM
Human Resources Certificate Program—3 Fridays!

Our HR Certificate Program is appropriate for individuals who are not yet HR professionals and for HR veterans who wish to update their skills. This program was developed to enable participants to complete their studies in just three days and has been approved for 23 general recertification credit hours toward PHR, SPHR and GPHR recertification through the Human Resource Certification Institute (HRCI).

All content is designed to address core HR competencies:

- History and role of human resources in today’s workplace
- Creating and administering an effective HR department
- Compensation, benefits and retirement programs
- Staffing (recruiting and retention) strategies
- Employment law and compliance hot topics

The Palm Springs Living Desert Zoo and Gardens—
Tram tour, Nature Guide and Wildlife Hospital
Saturday, April 13, 2019

Experience one of the most unique zoos in the U.S. This is a very scenic and informative place where you do not feel like you are in a zoo. The Living Desert was established in 1970 by several trustees of the Palm Springs Desert Museum who foresaw the impact that resort development would have on their local desert ecosystem. This vision led to the establishment of an interpretive nature trail and preserve in Palm Springs. The gardens showcase the diversity of forms adopted by plants found growing in the harsh conditions typical of the world’s deserts. Embark on a two-hour safari tram tour of the grounds led by a nature guide. You’ll see remarkable plants, animals and natural phenomena associated with deserts and discover how The Living Desert is helping to interpret and protect them. Stops will be made at the major animal exhibits. There is a stop at the Wildlife Hospital where you
will be able to see the state-of-the-art equipment the veterinarians use to keep the zoo’s animals healthy. After the tour, enjoy a no-host lunch in one of the cafes and giraffe feeding ($6 added fee). Enjoy time at leisure to explore exhibits on your own before returning back to MiraCosta. The Living Desert offers an experience like no other.

Fee: Book Early for $88. For booking made after 2/2, fee will increase to $98.

Guide: Staff
Activity Level: Easy (Moderate if you plan to do a lot of walking around the zoo)
Note:
• Includes transportation, entrance fee and safari tram tour
• Wear very comfortable walking shoes. Dress casually in layers suitable for cool and/or warm weather
• Cameras, bottled water, snacks or boxed lunch are great to bring along
• Sunscreen and/or hat is recommended

Depart: 8 AM. Return: approx 5:30 PM.
Pick up and drop off at Oceanside Campus, 1 Barnard Drive, Oceanside, Parking Lot 1A.

Shop the Long Beach Antique Market, the Pike Outlets and Shoreline Village

Sunday, March 17, 2019
Known as “the flea market with style” and voted one of the best flea markets in the country with lots of treasures to be found, the Long Beach Antique Market is a once-a-month event featuring more than 800 vendors sprawled over 20 acres. Unique and interesting items abound, ranging from clothing to couches and everything in between. Strolling in the sunshine of Veteran’s Stadium is so much better than strolling under the fluorescent lights of a corporate mall! With something for every room in your house, both inside and outside, these vendors love to wheel and deal! After approximately two to three hours at the flea market, we will head out to explore The Pike Outlets and then the charming Shoreline Village where you can do more shopping and have a no host lunch. Both places have a variety of restaurant options. And if you still have time, take a walk amid the scenic harbor views of Shoreline Village before returning back to MiraCosta.

Fee: Book Early for $67. For booking made after 3/1, fee will increase to $77

Guide: Staff
Activity Level: Easy
Note:
• Includes transportation and entrance fee to the antique market
• Wear VERY comfortable walking shoes and bring a collapsible rolling cart, if you have one
• Sunscreen and/or hat recommended
• No-host lunch: limited food vendors at the antique market
• More food options at Pike and Shoreline Village

Depart: 7:30 AM. Return: approx 6 PM.
Pick up and drop off at Oceanside Campus
1 Barnard Drive, Oceanside, Parking Lot 1A.
Behind the Scenes Warner Bros Studio Tour plus Universal Citywalk

Saturday, May 4, 2019

The glamour and excitement of Hollywood captures the imagination of the world. Now is your chance to get a behind-the-scenes look at how the magic of movies and television are brought to life. The day will begin with a ride to Warner Brothers Studio in Burbank for their Studio Tour. This two hour tram tour takes you backstage into the 110-acre grounds, working world of television and movies. You’ll also visit the “DC Universe: The Exhibit”, and see the original Batmobiles. For the grand finale of your Studio Tour experience, you’ll visit Stage 48. This interactive soundstage explores key phases of the entertainment production process. Warner Brothers Studio is not an amusement park, but an operating studio, so every day is unique and unpredictable. Who knows? You may even see one of your favorite stars on their way to work! We will then get back on board our bus and journey over the Universal City Walk. From here, you can enjoy a no-host lunch or a snack. There are plenty of dining options in the promenade. So leave the L.A. traffic to us, and escape for the day to the land of red carpets and movie stars!

Fee: Book Early for $99. For booking made after 4/13, fee will increase to $115.

Guide: Staff
