Online Training Modules

For Students
Our college community is becoming increasingly aware of the amount of stress our students are experiencing and its negative impact on their health and academic performance. Through a suicide prevention grant, Health Services is offering two online training simulations that will assist faculty, staff and students. Health Services highly recommends that you take both of these 45-60 minute courses, which are already in use at over 270 colleges and universities.

For Students
To take the course, follow the instructions below:

Go to: http://www.kognitocampus.com/student/ccc
Click “Access Training”
Create an account using enrollment key: ccc6445.
Follow the on-screen instructions
