In order to add a class that has been wait listed, students will need to contact the instructor. If the instructor agrees to add the student to a class, they will provide the student with a permission number that the student can use to add the class in SURF. # TYPES OF CLASSES

Classes in all delivery formats meet the same academic requirements. Students should be familiar with each format before registering to ensure they choose the classes that best fit their learning styles and academic needs.

**Scheduled Online in ZOOM** classes in noncredit meet online using a live videoconferencing tool (such as ZOOM) at all of the days and times indicated in the class listing. These classes **may** have additional instruction, coursework, and activities to be completed online.

**Online + ZOOM** classes in noncredit require both scheduled online meetings (ZOOM) and independent online learning each week. For example, a class may meet for 3 hours of ZOOM time each week +3 hours weekly online. The online hours will be completed in an independent learning format.

**Fully Online** classes in noncredit require all instruction, coursework, and activities to be completed fully online. Classes offered 100 percent online have no face-to-face requirements allowing for the most flexibility in this independent learning format.

**Hybrid** classes require meeting time online, as well as specific days and times on campus in a classroom. These classes provide a good balance between time on campus and learning online.

**Face-to-Face** classes are scheduled on campus for a regular pattern of days and times. Canvas may be used as a supplement to on-campus learning in some classes.

**HyFlex** classes give students the option of attending class in-person or participating via ZOOM. Students should be prepared to participate in the scheduled lecture on campus or online via ZOOM at the days/times/location indicated in the class listing.

If you are coming to campus to attend class or access services, please visit [miracosta.edu/COVID](https://miracosta.edu/COVID) for up-to-date campus safety protocols.

## What is ZOOM?

Many **noncredit** classes will utilize an online, live videoconferencing tool called ZOOM. Classes in ZOOM can be accessed for free on most computers, tablets, or mobile devices. It is recommended (but not required) to have a webcam and microphone if you are using a computer.

During scheduled or arranged ZOOM times, students should be prepared to interact with their instructors, just like they would have in a face-to-face class.

Scheduled online and combination classes will require that students be online at the same time as their instructors (synchronous instruction) for some of their school work, and other times students will work on their own time and at their own pace (asynchronous instruction). Fully online classes may offer optional ZOOM sessions for students to meet with instructors and get more help with the class.

**To ZOOM, students can use a phone, tablet, or computer.**

\*Each class will have its own ZOOM and URL log-in information provided by the instructor.

To learn more about ZOOM classes, students can contact their instructors directly, or the Adult Education Office at 760.795.8736, or email [adulthood@miracosta.edu](mailto:adulthood@miracosta.edu).
