While registering in SURF, students may select the wait list option for a full class. In order to add a class that has been wait listed, students will need to contact the instructor. If the instructor agrees to add the student to a class, they will provide the student with a permission number that the student can use to add the class in SURF. The instructor may also contact Admissions & Records to add the student.

## Class Cancellations

Classes may be canceled due to insufficient enrollment. Every attempt will be made to contact students by email before the class meets. Students do not need to drop a canceled class.

# THE OVERVIEW

## A Brief Description of Classes

### Adult High School Diploma

MiraCosta College's Adult High School prepares adults for higher education and increased employability in a supportive, challenging, and accessible environment that respects and honors diversity. Upon entrance into the program, each student's previous coursework, skill levels, and academic and/or professional goals are determined in order to provide an individualized plan for goal attainment. Students must earn a total of 160 credits, with at least 20 credits in residence.

The Adult High School is fully accredited by the **Accrediting Commission for Schools**, and the **Accrediting Commission for Community and Junior Colleges** (ACCJC) through the **Western Association of Schools and Colleges** (WASC).

### Career & College Preparation

MiraCosta College offers career and college preparation for students who wish to increase their skills in preparation for college classes, for employment or advancement in the workplace, or for personal growth. These courses are offered in a variety of ways, including open enrollment, face-to-face, hybrid, and 100 percent online. (An open enrollment class means that students may enroll at any time throughout the semester.) Academic Skill classes include NCABE, NCENG, and NCMTH. Workforce Preparation classes include NCWFP, NCNURS, and NCVOC 42, 43, 50.

### Noncredit ESL (NCESL) English as a Second Language

The MiraCosta noncredit ESL program offers students a variety of learning opportunities to achieve proficiency in the English language and formulate and attain personal, academic, career or job, and/or civic goals. The noncredit ESL program provides seven levels of ESL at the Community Learning Center during morning, afternoon, and evening hours, as well as weekends. The program also offers citizenship, career-track ESL, conversation classes, computer and digital literacy classes, reading and writing skills-based classes, and open-entry distance learning. Classes are also offered at schools, community centers, and libraries throughout the District.

## General Noncredit

The goal of adult education in California is to provide citizens of every age and educational level the opportunity to develop civic responsibility, a realization of the human potential, effective human relationships, and economic self-sufficiency. This broad goal forms the basis for the courses and programs MiraCosta College offers in each of the authorized categories of tuition-free noncredit instruction. General Noncredit continuing education at MiraCosta College includes the following areas:

### Basic Skills for Adults with Developmental Disabilities

Courses specifically designed to provide individuals with life-skill proficiencies that are essential to the fulfillment of academic, vocational, and personal goals for adults with intellectual and developmental disabilities. Enrollment in Disabled Students Programs & Services (DSPS) is encouraged prior to registration to ensure classroom accommodations can be provided. Please contact 760.795.6658 for more information. In fall 2021, DSPS will be changing its name to Student Accessibility Services (SAS).

### Health & Safety

Courses specifically designed to offer lifelong education to promote the health, safety, and the well-being of individuals.

### Older Adult

Courses specifically designed to offer lifelong education for the older adult population that provide opportunities for personal growth and development, as well as skills for mental and physical well-being.

### Parenting

Courses specifically designed to offer education in parenting, child development, and family relations in order to enhance the quality of home, family, career, and community life.

## Short-Term Vocational

Noncredit Short-Term Vocational instruction includes business office computer applications, automotive technology, and introduction to healthcare courses to prepare students for entry-level employment. Specific information is available on the **Short-Term Vocational webpage** at [miracosta.edu/shorttermvocational](http://miracosta.edu/shorttermvocational).

# TYPES OF CLASSES

For summer and fall, though most of our classes are being offered online, we are providing some classes in other formats. Classes in all delivery formats meet the same academic requirements. Students should be familiar with each format before registering to ensure they choose the classes that best fit their learning styles and academic needs.

**Scheduled Online in ZOOM** classes in noncredit meet online using a live videoconferencing tool (such as ZOOM) at all of the days and times indicated in the class listing. These classes **may** have additional instruction, coursework, and activities to be completed online.

**Online + ZOOM** classes in noncredit require both scheduled online meetings (ZOOM) and independent online learning each week. For example, a class may meet for 3 hours of ZOOM time each week +3 hours weekly online. The online hours will be completed in an independent learning format.

**Fully Online** classes in noncredit require all instruction, coursework, and activities to be completed fully online. Classes offered 100 percent online have no face-to-face requirements allowing for the most flexibility in this independent learning format.

**Hybrid** classes require meeting time online, as well as specific days and times on campus in a classroom. These classes provide a good balance between time on campus and learning online.

**Face-to-Face** classes are scheduled on campus for a regular pattern of days and times. Canvas may be used as a supplement to on-campus learning in some classes.

## What is ZOOM?

Most **noncredit** classes will utilize an online, live videoconferencing tool called ZOOM. Classes in ZOOM can be accessed for free on most computers, tablets, or mobile devices. It is recommended (but not required) to have a webcam and microphone if you are using a computer.

During scheduled or arranged ZOOM times, students should be prepared to interact with their instructors, just like they would have in a face-to-face class.

Scheduled online and combination classes will require that students be online at the same time as their instructors (synchronous instruction) for some of their school work, and other times students will work on their own time and at their own pace (asynchronous instruction). Fully online classes may offer optional ZOOM sessions for students to meet with instructors and get more help with the class.

**To ZOOM, students can use a phone, tablet, or computer.**

\*Each class will have its own ZOOM and URL log-in information provided by the instructor.

To learn more about ZOOM classes, students can contact their instructors directly, or the Adult Education Office at 760.795.8736, or email [adulthood@miracosta.edu](mailto:adulthood@miracosta.edu).
