DEVELOPMENT OF THE *MIRACOSTA COMMUNITY COLLEGE* *DISTRICT STRATEGIC PLAN 2014-2017*

Overview of Process

The strategic plan process began in October 2013 when the Superintendent/President convened a strategic plan team. With the Vice President of Business and Administrative Services serving as facilitator, the team began its work during a kick-off meeting on December 10, 2013. Using the 2011 Comprehensive Master Plan as a guide to the development of the 2014-2017 Strategic Plan, the team created a strategic plan process work plan that included processes and timelines for

- identifying and analyzing relevant research information,
- conducting SWOC (strengths, weaknesses, opportunities, challenges) analysis exercises with all constituencies,
- developing institutional objectives and action plans,
- drafting the 2014-2017 Strategic Plan,
- obtaining district-wide feedback,
- presenting final 2014-2017 Strategic Plan to the Budget and Planning Committee and constituency groups,
- submitting the 2014-2017 Strategic Plan to the Superintendent/President for review and approval, and
- sharing the *MiraCosta Community College District Strategic Plan 2014-2017* with the Board of Trustees.

Over a six month period, the team followed the work plan and completed drafting the 2014-2017 Strategic Plan document. From the beginning of December 2013 through June 2014, the team met on a regular basis, gathering and reviewing data, discussing issues, and conducting analyses with various constituencies throughout the campus. On April 14th, a campus wide forum was held to present the first draft of the strategic plan and solicit feedback. Forum participants provided observations and suggestions, some of which were incorporated into the final plan.

The final plan was submitted to and approved by the Budget and Planning Committee, who recommended it to the governance organizations. After review, the Academic Senate, the Classified Senate Council, and the Administrative Council recommended approval to the Superintendent/President. The plan, along with governance organizations' recommendations, was submitted to the Superintendent/President for review, approval, and implementation.

INTRODUCTION

The *MiraCosta Community College District Strategic Plan 2014–2017* is the district's short-term plan. This plan identifies the specific actions that the district intends to take in order to achieve the institutional goals identified in the *MiraCosta Community College District 2011 Comprehensive Master Plan*.

This document includes:

- ▶ **Institutional Goals** that were developed as part of the *MiraCosta Community College District 2011 Comprehensive Master Plan*. Institutional goals are broad statements that articulate how the district intends to (1) improve its fulfillment of the mission statement and (2) address anticipated challenges.
- ▶ **Institutional Objectives** that describe more specifically how the district plans to achieve its broader institutional goals and mission statement. Institutional objectives meet the SMART criteria in that they are specific, measurable, attainable, relevant, and time-bound.
- ▶ **Action Plans** that describe in step-by-step sequence how the institutional objectives will be accomplished and assessed. Each action plan includes the expected outcome statement, metric, group or office responsible for implementing the action, and timeline/completion date.

The assignment of a responsible group or office is essential for accountability. This assignment means that the group or office has unique responsibilities to launch and oversee the action plan. This assignment does not mean that the group or office completes the action plans alone.

The specific tasks of the groups or offices assigned responsibility for action plans are to:

- ▶ Manage the timelines for the plan component.
- ▶ Develop appropriate processes.
- ▶ If needed, request funding for the action plans through the appropriate program review.
- ▶ Provide data and other types of evidence to assess the levels of success following plan implementation.
- ▶ Document the activities and outcomes to contribute to the preparation of the annual progress report.

The format of the *MiraCosta Community College District Strategic Plan 2014-2017* includes space reserved for the production of an annual progress report. The progress report will identify the tasks that have been completed and will reinforce and sustain district-wide dialogue on its long-term and short-term goals.

The process and timeline for producing the *MiraCosta Community College District Strategic Plan 2014–2017* and the corresponding progress report are included in the *MiraCosta Community College District Integrated Planning Manual*.

The undersigned faculty, classified staff, student, and administrative representatives of the MiraCosta Community College District have agreed upon the *MiraCosta Community College District Strategic Plan 2014–2017*.
