

The Board of Trustees delegates to the superintendent/president the authority to develop practices and procedures that promote leadership on sustainability issues in all areas of the college, including instruction, operations, construction, facilities, transportation, land use, energy conservation, water conservation, solid-waste minimization, storm-water pollution preventions, recycling, and environmental and biological integrity. In addition to promulgating efficiency and sustainability for their own sake, MiraCosta College as a learning institution shall become a model and classroom of sustainability for students, faculty, staff, and the community. The energy and sustainability procedures will include goals and guidance for all facets of the district that ensure the evolution of best practices in sustainability.

See Administrative Procedure 3260.
