

The MiraCosta Community College District confers the Bachelor of Science in Biomanufacturing to students who have completed a minimum of 120 degree-applicable lower- and upper-division semester units and meet the following grade-point requirements:

- A. No grade less than a “C” or “P” in all required lower-division coursework in the major.
- B. A minimum cumulative grade point average of 2.0:
  - 1. In all upper-division coursework.
  - 2. In all degree-applicable coursework completed at MiraCosta College.
  - 3. In all degree-applicable coursework completed at any college or university.

Students must also complete general education and residency requirements set forth in Title 5 regulations.

Courses from other institutions accredited by an agency recognized by the U.S. Secretary of Education will be evaluated for satisfying baccalaureate degree requirements based on course description, comparable or equivalent content, and appropriate prerequisites. Students may be required to provide a course outline and/or a syllabus to determine course comparability and a transcript to verify prerequisite completion.

International courses will be evaluated for satisfying baccalaureate degree requirements only when course descriptions are submitted in English, along with a transcript evaluated by an approved foreign transcript evaluation service. Course descriptions may also be required for prerequisite review.

The superintendent/president shall establish procedures to determine degree and requirements that include appropriate involvement of the Courses and Programs Committee. The procedures shall assure that graduation requirements are published in the district’s catalog and are included in other resources that are convenient for students.

See Administrative Procedure 4100B.
