# CULTURE OF CARE

**MiraCosta College (MCC)** embraces a holistic and seamless approach to student learning. Through programs and services, we are committed to student success by creating a culture of care and support.

MiraCosta is committed to a proactive approach to helping our students succeed while maintaining a safe environment for the entire campus community.

Additionally, a **MiraCosta College Student Success** email is sent to all students. The email includes important deadlines and activities for that week.

The following pages provide some information on student support services that can help students be successful at MiraCosta.

In order for students to be successful, our goal is to help them be:

**Directed:** have a goal and know how to achieve it;

**Focused:** stay on track to reach their academic goals;

**Nurtured:** we are here to help by providing tools and resources;

**Engaged:** by actively participating in class and co-curricular activities;

**Connected:** become part of the college community;

**Valued:** skills, talents, abilities, and experiences are recognized and positive contributions to this learning environment are appreciated.

# Campus Assessment, Resources, and Education (CARE) Program & Food Pantry

The **Campus Assessment, Resources, and Education (Care) Program** is responsible for addressing the basic needs and other identified concerns of students through a holistic approach.

The CARE team is committed to providing case management support to students through ensuring connections to on-and-off campus resources that will address food, housing insecurity, childcare, transportation, mental health, and more.

If you or someone you know may benefit from our program, you may submit a [CARE referral](#) and a CARE Team member will reach out to determine how we can best provide care and support via phone, email, or Zoom.

---

## CARE

CARE one-on-one support meetings will be conducted virtually via Zoom, phone, or email. In-person meetings will be conducted on a case-by-case basis for students who are cleared to be on campus.

For a list of available resources and additional information of our program services, please visit [our website](#). You can also access information on resources by reviewing our [CARE Basic Needs Resource Guide](#) or by dialing [2-1-1](#) to speak with a Community Resource Specialist to discuss available countywide resources.

## Center for Course-Connected & Co-Curricular Services

The **Service Learning & Volunteer Center** assists students in finding community and campus partnerships for course-connected and co-curricular service projects. The center partners with local non-profit groups, public schools, parks and recreation centers, libraries, etc. Service opportunities may be done in person and online. Students who participate in service tend to have higher course satisfaction, higher retention rate, and higher GPA.

In addition, students have reported that service experiences have led to job and internship opportunities. The center also coordinates annual campus-wide days of service such as Dr. King Day of Service, Make a Difference Day, César Chávez Day of Service, Read Across America, and Alternative Spring Break.

Students use these experiences to explore career paths, increase social and cultural capital, and increase awareness of the community resources. Many students apply service hours on their resume, when they apply for scholarships or UC transfer applications. Students may earn a certificate of participation for both service learning (15 hours for one course at one location) or volunteer hours (50+ hours during the school year).

# Student Equity

The **Department of Student Equity** advocates for communities that the collegiate system was not originally designed to serve or that have not historically been centered. We work to create and support new and existing resources that cultivate inclusion, diversity, and equity at MiraCosta by fostering student leadership, collaborating with campus partners, and raising awareness of the unique experiences of the diverse populations we serve.

**Academic Success and Equity (ASE) Programs** intentionally center communities that have been historically marginalized in traditional higher education settings: students who are Black & African-American (Umoja), Latinx & Chicanx (PUENTE), Native Hawaiian & Pacific Islander (Mana), Undocumented or mix status, (UPRISE), former foster youth (RAFFY), formally incarcerated, justice/system- impacted (Transitions Scholars) and Lesbian, Gay, Bisexual, Trans, Questioning/Queer, Intersex, Asexual + (SPHERE) students.
